REINFORCED POLYESTER RESIN OPERATIONS
AIR GENERAL PERMIT REGISTRATION FORM

Bureau of Air Monitoring
& Mobile Sources

Part II. Notification to Permitting Office

(Detach and submit to appropriate permitting office; keep copy onsite)

Instructions: To give notice to the Department of an eligible facility's intent to use this air general permit, the owner or operator of the facility must detach and complete this part of the Air General Permit Registration Form and submit it to the appropriate Department of Environmental Protection or local air pollution control program office which has permitting authority. Please type or print clearly all information, and enclose the appropriate air general permit registration processing fee pursuant to Rule 62-4.050, F.A.C. (\$100 as of the effective date of this form)

0090139-004

Registration Type

Check one:

INITIAL REGISTRATION - Notification of intent to:

- Construct and operate a proposed new facility.
- Operate an existing facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit).

RE-REGISTRATION (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.
- Continue operating the facility after a change of ownership.
- Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only

If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. In such case, check the first box, and indicate the operation permits being surrendered. If no air operation permits are held by the facility, check the second box.

- All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s):
- No air operation permits currently exist for this facility.

General Facility Information

Facility Owner/Company Name (Name of corporation, agency, or individual owner who or which owns, leases, operates, controls, or supervises the facility.)

BRP US, INC (General Permit number: 0090139-003-AG)

Site Name (Name, if any, of the facility site; e.g., Plant A, Metropolis Plant, etc. If more than one facility is owned, a registration form must be completed for each.)

TECHNOLOGY CENTER

Facility Location (Provide the physical location of the facility, not necessarily the mailing address.)

Street Address: 1111 JA BOMBARDIER BLVD. SW

City: PALM BAY

County: BREVARD

Zip Code: 32908-4601

Facility Start-Up Date (Estimated start-up date of proposed **new** facility.)(N/A for existing facility)

Owner/Authorized Representative Statement

This statement must be signed and dated by the person named above as owner or authorized representative

I, the undersigned, am the owner or authorized representative of the owner or operator of the facility addressed in this Air General Permit Registration Form. I hereby certify, based on information and belief formed after reasonable inquiry, that the facility addressed in this registration form is eligible for use of this air general permit and that the statements made in this registration form are true, accurate and complete. Further, I agree to operate and maintain the facility described in this registration form so as to comply with all applicable standards for control of air pollutant emissions found in the statutes of the State of Florida and rules of the Department of Environmental Protection and revisions thereof.

I will promptly notify the Department of any changes to the information contained in this registration form.

Material Usage Rates

If this is an **initial registration** for a reinforced polyester resin operation, provide an estimate of the total quantity, in pounds, of styrene-containing materials (resin and gelcoat) expected to be used over a 12-month period. Note: the general permit limits the usage of such material to 76,000 pounds (38 tons) in any consecutive 12 months.

If this is a **re-registration** for a reinforced polyester resin operation, provide the highest 12-month total quantity, in pounds, of styrene-containing materials (resin and gelcoat) used in the last five years. Indicate the 12-month period over which this usage occurred.

PERIOD 1/09 THRU 12/09: 556.64 LBS

Description of Facility

Below, or as an attachment to this form, provide a description of the reinforced polyester resin operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used.

We currently use resin and gelcoat to make small parts and prototypes. The volumes we use are below the allowable levels for the permit. The products we use are MACT Compliant. The work is done in a lamination room. This room has an exhaust fan system; that evacuates the air out of the building through a filtration system.

To stay in complaint, we monitor and record our Styrene product usage monthly.

Telephone 1(321) 726-2000
Fax 1(321) 726-2002
www.brp.com

Dear Friends and Business Partners:

We're the same company, but we've changed our name!

As you may know, in December of 2003 our parent company, Bombardier Inc., sold virtually its entire Recreational Products group to a consortium of investors including the Bombardier family, Bain Capital of Boston and the Caisse de depot of Quebec. In connection with the sale, the new company – **Bombardier Recreational Products Inc.** ("BRP") – agreed to change the names of some of its subsidiaries to reflect their association with the "new" company and to avoid confusion with the "old" company, which retains its name and continues in the transportation business.

One of the BRP subsidiaries affected by this agreement is Bombardier Motor Corporation of America ("BMCA"). BMCA's name changed on April 26th, 2004 to "BRP US Inc.". From now on, we will be using the new name in all of our correspondence, contracts, and other communications. Please be assured that BRP US Inc. is the same corporate entity formerly known as BMCA, and none of its rights or obligations have changed as a result of this name change.

Also, if you were not aware we have moved to a new location:

1111 JA Bombardier Blvd. SW – Palm Bay, FL 32908

If you have any questions as a result of this announcement, please feel free to contact me at (321) 726-2031.

Regards,

Cathy Jones

Assistant to Director Product Development - Sportboat
