Kim,

Thank you for sending the date of manufacture of your Perchloroethylene dry cleaning machine as 2005.

There are two more answers to questions that the form requires and they are:

- 1) "Does your Perchloroethylene dry cleaning machine have a **Refrigerated Condenser (RC)** and/or a **Carbon Adsorber (CA) filter?**"
- 2) "What is the **horsepower (Hp)** rating of your boiler?" (The boiler (steam/hot water) information can be found on the boiler data plate, similar to the data plate on your dry cleaning machine.)

Thank you for your assistance in making your registration form complete with all of the required information.

If you have any questions, comments or concerns please e-mail or call.

Dick
