SURFACE COATING OPERATIONS
AIR GENERAL PERMIT REGISTRATION FORM

Bureau of Air Monitoring
& Mobile Sources

Part II. Notification to Permitting Office

(Detach and submit to appropriate permitting office; keep copy onsite)

Instructions: To give notice to the Department of an eligible facility's intent to use this air general permit, the owner or operator of the facility must detach and complete this part of the Air General Permit Registration Form and submit it to the appropriate Department of Environmental Protection or local air pollution control program office which has permitting authority. Please type or print clearly all information, and enclose the appropriate air general permit registration processing fee pursuant to Rule 62-4.050, F.A.C. (\$100 as of the effective date of this form)

0112091-006

Registration Type

Check one:

INITIAL REGISTRATION - Notification of intent to:

- Construct and operate a proposed new facility.
- Operate an existing facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit).

RE-REGISTRATION (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.
- Continue operating the facility after a change of ownership.
- Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only

If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. In such case, check the first box, and indicate the operation permits being surrendered. If no air operation permits are held by the facility, check the second box.

- All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s): _____
- No air operation permits currently exist for this facility.

General Facility Information

Facility Owner/Company Name (Name of corporation, agency, or individual owner who or which owns, leases, operates, controls, or supervises the facility.)

Phoenix Motors Inc. dba Palm Collision Center

Site Name (Name, if any, of the facility site; e.g., Plant A, Metropolis Plant, etc. If more than one facility is owned, a registration form must be completed for each.)

Facility Location (Provide the physical location of the facility, not necessarily the mailing address.)

Street Address: 827 South State Road 7

City: North Lauderdale

County: Broward

Zip Code: 33068 - 2823

Facility Start-Up Date (Estimated start-up date of proposed new facility.)(N/A for existing facility)

Owner/Authorized Representative

<u>Name and Position Title</u> (Person who, by signing this form below, certifies that the facility is eligible to use this air general permit.) Print Name and Title: Kevin Kelley President		
<u>Owner/Authorized Representative Mailing Address</u> Organization/Firm: Same Street Address: City: County: Zip Code:		
<u>Owner/Authorized Representative Telephone Numbers</u> Telephone: (954) 969-4800 Fax: (954) 979-5364 Cell phone (optional):		

Facility Contact (If different from Owner/Authorized Representative)

<u>Name and Position Title</u> (Plant manager or person to be contacted regarding day-to-day operations at the facility.) Print Name and Title:		
<u>Facility Contact Mailing Address</u> Organization/Firm: Street Address: City: County: Zip Code:		
<u>Facility Contact Telephone Numbers</u> Telephone: Fax: Cell phone (optional):		

Owner/Authorized Representative Statement

This statement must be signed and dated by the person named above as owner or authorized representative

I, the undersigned, am the owner or authorized representative of the owner or operator of the facility addressed in this Air General Permit Registration Form. I hereby certify, based on information and belief formed after reasonable inquiry, that the facility addressed in this registration form is eligible for use of this air general permit and that the statements made in this registration form are true, accurate and complete. Further, I agree to operate and maintain the facility described in this registration form so as to comply with all applicable standards for control of air pollutant emissions found in the statutes of the State of Florida and rules of the Department of Environmental Protection and revisions thereof.

I will promptly notify the Department of any changes to the information contained in this registration form.

Signature  Date 5/25/11

Material Usage Rates

If this is an **initial registration** for a surface coating operation, provide an estimate of the average quantity of volatile organic compounds in all coatings (solvents and thinners) expected to be used on a daily basis.

If this is a **re-registration** for an existing surface coating operation, provide the highest monthly average of the daily quantity of volatile organic compounds in all coatings (solvents and thinners) used in the last five years. Indicate the month and year during which this usage occurred.

2006 Calendar year V.O.C.s would represent the highest daily quantity as we were still bust with Hurricane claims. The daily VOC totals Using the formula:

$$[(\text{Total Annual VOC} / 12 \text{ Months}) / 30 \text{ days per Month}] = 32$$

Currently we are operating in the less than 20/day range as a result of the general business climate and

Description of Facility

Below, or as an attachment to this form, provide a description of the surface coating operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used.

We operate a collision repair facility. We have two down-draft heated spray booths. Our shop does normal automotive refinishing operations.

2006 Calendar year V.O.C.s would represent the highest daily quantity as we were still bust with Hurricane claims. The daily VOC totals Using the formula:

$$[(\text{Total Annual VOC} / 12 \text{ Months}) / 30 \text{ days per Month}] = 32$$

Currently we are operating in the less than 20/day range as a result of the general business climate and the present economy. We have also implemented additional material saving processes including the purchase of new spray gun washer and a solvent recycle machine.

Emission Sources

Air General Permits - Surface Coating Operations

Surface coating or painting operations are the processes of depositing a coating material on a target surface using certain application methodologies such as spray, roll, etc. Surface coating operations can be prime and topcoat or single coat operations.

A facility comprising surface coating operations may be eligible to operate as an emissions source in Florida under the terms of a conditional exemption from Title V air permitting, through the use of an Air General Permit that incorporates the requirements of the conditional exemption.
