Facility Information

1. For each machine located at the facility, select the appropriate machine type and type of air pollution control device installed on the machine (for example, dry-to-dry unit w/ ref. condenser). If the dry-to-dry machine was purchased from the manufacturer prior to or on December 9, 1991, it is an EXISTING unit. If the dry-to-dry machine was purchased from the manufacturer after December 9, 1991, it is a NEW unit. Beginning with dry-to-dry machines, enter the date the machine was initially purchased from the manufacturer in the dd-mth-yy format. If you do not know the exact date of purchase, but can confirm it was prior to December 9, 1991, enter 08-DEC-91. Indicate the status of the machine as either new or existing. Circle the required control equipment for that machine (if required) and enter the date of its installation (in the dd-mth-yy format). If control equipment is required, but has not yet been installed, indicate this with an "X". If the control device was already included at the time of purchase, enter "SAME". Up to three dry-to-dry machines may be entered across this table. Complete the other table for transfer machines located at the facility, as applicable. Submit additional copies of these tables if more than three machines per type are located at the facility.
2. Enter the total amount, in gallons, of perchloroethylene consumed during the preceding twelve months. If this amount represents a period of less than twelve months, indicate the actual time period used to determine solvent consumption and the reason for this discrepancy (for example, new store). New owners should attempt to obtain solvent purchase records from the previous owner.
3. Using the amount of perc entered in No. 2 above, select the facility's classification. The classification is based on the definitions found in paragraph (3) of Part II.
4. Indicate which control technology is required on machines pursuant to paragraph (5) of Part II, based upon the selection in No. 3 above. Existing small area sources are not required to install any additional control equipment.
5. Indicate with an "X" that all steam and hot water generating units on-site are exempt from permitting pursuant to Rule 62-210.300(3), F.A.C., or that the facility has no such units on-site. Provide information on the quantities of boilers, their horsepower rating(s), and fuel used.

Equipment Monitoring and Recordkeeping Information

6. Indicate all logs which are required to be kept on-site in accordance with the requirements of this notification form with an "X".

Surrender of Existing DEP Air Permit(s)

7. Rule 62-213.300(2)(a)2., F.A.C., makes the surrender of all existing DEP air permits authorizing the operation of a facility a condition precedent for the entitlement to a DEP air general permit. Indicate whether the responsible official surrenders such permit(s) or whether no such permit(s) exist with an "X" and list all existing DEP air permit numbers.

I conducted an on site inspection of the Ray-AI Cleaners, 03/23/2006, located at 305 North State Road, Hollywood, FL 33021. The authorized representative, Mr. Marlon C. Jeffrey, of Ward City Dry Cleaners 2, Inc. informed me that he had taken over form Ray-AI Cleaner. As a result of the inspection I issued a warning notice, WRN06-0256, on 03/30/2006 for not completing a notification form which should have been submitted to DEP. After receiving your e-mail enquiring about the Ray-AI facility I conducted another inspection of the facility and found the building to be empty: no equipment to run any type of business. The facility appeared to be empty for some time.

Courtney,

Please send me, via email, the results of your field visit to the former Ray AI Cleaners store site, so I may have it as a hardcopy record for our files. The purpose is so we can substantiate the change in Facility Status in ARMS to show the site as INACTIVE. The only way we can do that is if it comes in writing from the owner, or if a field inspector advises us in writing to that effect.

Thank you for your assistance in this matter.

Hope you have a great weekend!

NOTICE OF LATE PAYMENT OF ANNUAL OPERATION FEE VIA: CERTIFIED MAIL WITH RETURN RECEIPT

TO: User of Title V Air General Permit

Department records indicate that during calendar year 2004 you operated a facility which is a source of air pollution. You have also claimed eligibility for this facility to operate under a Title V Air General Permit pursuant to Chapter 62-213, Florida Administrative Code (F.A.C.).

As a source of air pollution subject to Title V of the federal Clean Air Act, your facility is required under Section 403.0872, Florida Statutes (F.S.), to pay an annual operation fee, as established by the Department in Rule 62-213.205, F.A.C. You are also required, under Rule 62-213.300(2)(c)2, F.A.C., to notify the Department in writing of any change in facility status.

The annual operation fee is \$50 for calendar year 2004. A notice of your obligation to pay the annual operation fee was sent to you by certified mail, along with an invoice form and instructions. This notice (with the enclosed replacement invoice) is being sent as a reminder.

The Department has not received your annual operation fee. Accordingly, in accordance with Rule 62-213.205(1)(g), F.A.C., the Department is assessing a 50% penalty against your facility, for a total fee of **\$75.00** for calendar year 2004.

Under Rule 62-213.205(1)(g), F.A.C., failure to timely pay the required annual operation fee, penalty, or interest constitutes grounds for revocation of your Title V Air General Permit. If the fee and penalty are not promptly paid, the Department will proceed to revoke your facility's Title V Air General Permit and will also seek interest in accordance with Section 220.807, F.S.

To submit your \$75.00 payment, please follow the directions on the enclosed invoice form. If you have any questions, you may call Bruce Thomas at 850/921-7744 or Sandra Bowman at 850/921-9583. Thank you for your prompt attention to this matter.

NOTICE OF ANNUAL OPERATION FEE VIA: CERTIFIED MAIL WITH RETURN RECEIPT

To: Users of Title V Air General Permits

Records in the Division of Air Resource Management indicate that you operate a source of air pollution and that you have claimed eligibility for your facility to operate under a Title V Air General Permit pursuant to Chapter 62-213, Florida Administrative Code (F.A.C.).

As a source of air pollution subject to Title V of the federal Clean Air Act, your facility is required under Section 403.0872, Florida Statutes (F.S.), to pay an annual operation fee as established by the Department in Rule 62-213.205, F.A.C.

Your annual operation fee is \$50 for calendar year 2004. A notice of your obligation to pay the annual operation fee was sent to you by first class U.S. mail, along with an invoice form and instructions. If you have already submitted the annual operation fee in response to that request, please disregard this letter.

If you have not yet submitted the annual operation fee, this notice (with the enclosed replacement invoice) is being sent in accordance with Rule 62-213.205(1)(g), F.A.C., as a reminder that any annual operation fee not postmarked by **March 1, 2005**, may be subject to a 50% penalty, plus interest computed in accordance with Section 220.807, F.S. In addition, please be aware that under Rule 62-213.205(1)(g), F.A.C., failure to timely pay any required annual operation fee, penalty, or interest constitutes grounds for revocation of the Title V Air General Permit.

To submit your fee payment, please follow the directions on the enclosed invoice form. If you have any questions, you may call Bruce Thomas at 850/921-7744 or Sandra Bowman at 850/921-9583. Thank you for your prompt attention to this matter.

Sincerely,

Joseph Kahn, Chief
