CONCRETE BATCHING PLANT
AIR GENERAL PERMIT REGISTRATION FORM
Bureau of Air Monitoring & Mobile Sources

Part II. Notification to Permitting Office

(Detach and submit to appropriate permitting office; keep copy onsite)

Instructions: To give notice to the Department of an eligible facility's intent to use this air general permit, the owner or operator of the facility must detach and complete this part of the Air General Permit Registration Form and submit it to the appropriate Department of Environmental Protection or local air pollution control program office which has permitting authority. Please type or print clearly all information, and enclose the appropriate air general permit registration processing fee pursuant to Rule 62-4.050, F.A.C. (\$100 as of the effective date of this form)

0112337-004

Registration Type

Check one:

INITIAL REGISTRATION - Notification of intent to:

- Construct and operate a proposed new facility.
- Operate an existing facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit).

RE-REGISTRATION (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.
- Continue operating the facility after a change of ownership.
- Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only

If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. In such case, check the first box, and indicate the operation permits being surrendered. If no air operation permits are held by the facility, check the second box.

- All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s):
0112337-003-AG
- No air operation permits currently exist for this facility.

General Facility Information

Owner/Authorized Representative Statement

This statement must be signed and dated by the person named above as owner or authorized representative

I, the undersigned, am the owner or authorized representative of the owner or operator of the facility addressed in this Air General Permit Registration Form. I hereby certify, based on information and belief formed after reasonable inquiry, that the facility addressed in this registration form is eligible for use of this air general permit and that the statements made in this registration form are true, accurate and complete. Further, I agree to operate and maintain the facility described in this registration form so as to comply with all applicable standards for control of air pollutant emissions found in the statutes of the State of Florida and rules of the Department of Environmental Protection and revisions thereof.

I will promptly notify the Department of any changes to the information contained in this registration form.

Description of Facility

Below, or as an attachment to this form, provide a description of the concrete batching plant operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used.

Continental Florida Materials, Inc. operates a concrete batch plant consisting of three silos, truck load out, weigh hopper, and aggregate bins. The following emission points are located at this facility:

EU 001 South Cement (Commerical) Silo - The emissions are controlled roof top by a high efficiency fabric dust collector.

EU 002 North Slag Silo- The emissions are controlled roof top by a high efficiency fabric dust collector.

EU 003 West Cement (DOT) Silo - The emissions are controlled roof top by a high efficiency fabric dust collector.

EU 004 Weigh Hopper - The emissions are controlled by a silo mounted passive dust collector.

**RE: Continental Florida Materials, Inc. West Broward Ready Mix Plant
Air General Permit Registration: ARMS ID: 0112337**

To whom it may concern:

Continental Florida Materials, Inc. (CFM) is submitting this concrete batching plant air general permit registration for re-registration of the West Broward Ready Mix facility to the Florida Department of Environmental Protection (FDEP) Division of Air Resource Management in Tallahassee. The West Broward Ready Mix facility currently operates under Air General Permit No. 0112337-003-AG. The facility is located at 19681 Southwest 69th Place, Fort Lauderdale, Broward County, 33332.

CFM has enclosed the Concrete Batching Plant Air General Permit Registration Form [new DEP Form No. 62-210.920(2)(b), effective January 10, 2007] for the re-registration of the existing facility. Also enclosed is the required \$100 air general permit registration processing fee per Rule 62-4.050(4)(p)(2), F.A.C.

In accordance with Rule 62-296.414(4)(a), F.A.C., visible emissions (VE) testing for controlled exhaust points is required to be completed 30 days after commencing operation, and annually thereafter. CFM West Broward is temporarily shutdown and will complete visible emissions testing for the facility within 30 days after the operation commences. In addition, CFM will submit a VE testing notification to Broward County, at least 15 days prior to the established testing date(s).

If you have any questions or comments, please do not hesitate to contact me at (386) 734-6228.

Sincerely,

Lehigh Hanson

Good morning Charles,

I know you have been working diligently to obtain the additional required information, and this is just a friendly reminder, but we are down to the last day of the mandatory thirty (30) day review and processing time clock.

I am in need of the information requested today, or I will be forced to deny these entitlements and I really don't want to have to do that.

Please help me keep this on track.

Thank you for your attention to this matter.

Hope you have a great day!

Sincerely yours,

Dick

Good afternoon Charles!

Hope your day is going well.

The purpose of my e-mail is that I am in need of some additional details regarding both of the Delray Beach & Fort Lauderdale facilities.

On Page 10, Description of Facility, there is a request for both process and emission control equipment identification. Specifically I need the following:

For both Delray Beach & Fort Lauderdale facilities:

- 1) EU 001 North Silos & EU 002 South Silos
 - a) Name of Manufacturer(s), Model #'s, & S/N's if available
 - b) Capacity of silo expressed in BBLs, T or Cu.Yd.
 - c) Product (cement, flyash, slag, etc.)

- 2) North & South Silos Emission Control units
 - a) Name of Manufacturer(s), Model #'s, & S/N's if available
 - b) Type (*you have already identified them as rooftop, or silotop and that is good*)
 - c) Filter Type (bag, cartridge or vent filter)
 - d) Total Filter area expressed in sq.ft.

- 3) EU 003 Weigh Hopper/Truck Loadout Emission control unit(s)
 - a) Name of Manufacturer(s), Model #'s, & S/N's if available
 - b) Type (central, and if so is it a truss mounted or ground mounted dust collector)
 - c) Filter Type (bag, cartridge or vent filter)
 - d) Total Filter area expressed in sq.ft.

Thank you for your assistance and if you should have any questions, comments or concerns please don't hesitate to e-mail or call.

Have a great evening!

Regards,

Dick

**CONCRETE BATCHING PLANT
AIR GENERAL PERMIT REGISTRATION FORM**

Part II. Notification to Permitting Office

(Detach and submit to appropriate permitting office; keep copy onsite)

Instructions: To give notice to the Department of an eligible facility's intent to use this air general permit, the owner or operator of the facility must detach and complete this part of the Air General Permit Registration Form and submit it to the appropriate Department of Environmental Protection or local air pollution control program office which has permitting authority. Please type or print clearly all information, and enclose the appropriate air general permit registration processing fee pursuant to Rule 62-4.050, F.A.C. (\$100 as of the effective date of this form)

Registration Type

Check one:

INITIAL REGISTRATION - Notification of intent to:

- Construct and operate a proposed new facility.
- Operate an existing facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit).

RE-REGISTRATION (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.
- Continue operating the facility after a change of ownership.
- Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only

If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. In such case, check the first box, and indicate the operation permits being surrendered. If no air operation permits are held by the facility, check the second box.

- All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s):
0112337-003-AG
- No air operation permits currently exist for this facility.

**RE: Continental Florida Materials, Inc. West Broward Ready Mix Plant
Air General Permit Registration: ARMS ID: 0112337**

To whom it may concern:

Continental Florida Materials, Inc. (CFM) is submitting this concrete batching plant air general permit registration for re-registration of the West Broward Ready Mix facility to the Florida Department of Environmental Protection (FDEP) Division of Air Resource Management in Tallahassee. The West Broward Ready Mix facility currently operates under Air General Permit No. 0112337-003-AG. The facility is located at 19681 Southwest 69th Place, Fort Lauderdale, Broward County, 33332.

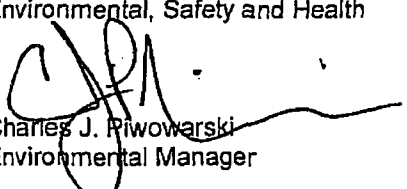

CFM has enclosed the Concrete Batching Plant Air General Permit Registration Form [new DEP Form No. 62-210.920(2)(b), effective January 10, 2007] for the re-registration of the existing facility. Also enclosed is the required \$100 air general permit registration processing fee per Rule 62-4.050(4)(p)(2), F.A.C.

In accordance with Rule 62-296.414(4)(a), F.A.C., visible emissions (VE) testing for controlled exhaust points is required to be completed 30 days after commencing operation, and annually thereafter. CFM West Broward is temporarily shutdown and will complete visible emissions testing for the facility within 30 days after the operation commences. In addition, CFM will submit a VE testing notification to Broward County, at least 15 days prior to the established testing date(s).

If you have any questions or comments, please do not hesitate to contact me at (386) 734-6228.

Sincerely,

Lehigh Hanson

Sent: Thursday, February 17, 2011 5:53 PM
To: Dibble, Dickson
Subject: RE: AG Renewals

Dick,

I am working with Operations to gather more information for both facilities.

As for Delray, I did find out the following:

Silo #1 – 60 Ton Capacity (Cement or Slag), Silo #2 – 130 Ton Capacity (Cement) each has a Besser-Appco high efficiency fabric filter dust collector.

The Weigh Hopper and Truck Load are controlled by an ABCO Central Dust Collector.

I will let you know when I have all the information.

Going forward on all further AG renewals I would guess you would want the following minimums for each EU:

Silos:

- a) Capacity of silo expressed in BBLs, T or Cu.Yd.
- b) Product (cement, flyash, slag, etc.)

Dust Collectors:

- a) Name of Manufacturer(s), Model #'s, & S/N's if available
- b) Type (Silo Top, Truss Mounted or Ground Mounted)
- c) Filter Type (bag, cartridge or vent filter)
- d) Total Filter area expressed in sq.ft.

Thank you,

Charles J. Piwowarski

Good afternoon Charles!

Hope your day is going well.

The purpose of my e-mail is that I am in need of some additional details regarding both of the Delray Beach & Fort Lauderdale facilities.

On Page 10, Description of Facility, there is a request for both process and emission control equipment identification. Specifically I need the following:

For both Delray Beach & Fort Lauderdale facilities:

- 1) EU 001 North Silos & EU 002 South Silos
 - e) Name of Manufacturer(s), Model #'s, & S/N's if available
 - f) Capacity of silo expressed in BBLs, T or Cu.Yd.
 - g) Product (cement, flyash, slag, etc.)

- 2) North & South Silos Emission Control units
 - a) Name of Manufacturer(s), Model #'s, & S/N's if available
 - b) Type (*you have already identified them as rooftop, or silotop and that is good*)
 - c) Filter Type (bag, cartridge or vent filter)
 - d) Total Filter area expressed in sq.ft.

- 3) EU 003 Weigh Hopper/Truck Loadout Emission control unit(s)
 - a) Name of Manufacturer(s), Model #'s, & S/N's if available
 - b) Type (central, and if so is it a truss mounted or ground mounted dust collector)
 - c) Filter Type (bag, cartridge or vent filter)
 - d) Total Filter area expressed in sq.ft.

Thank you for your assistance and if you should have any questions, comments or concerns please don't hesitate to e-mail or call.

Have a great evening!

Regards,

Dick

Subject: AG Renewals

Dick,

I have sent the attached AG renewals to FDEP receipts. As the facilities are currently closed can you send the AG acknowledgements to me via Email?

Thank you,

Charles J. Piwowski
