Dear Ms. Milliken,

Good afternoon!

Earlier this afternoon I placed a call to Mr. George Cable and was advised that he was unavailable. The nice young lady who answered the phone asked if she could assist me, and when I described the situation she provided me with your name and number.

I left a telephone message for you earlier this afternoon, but since I found your e-mail address on the Cable Marine Inc website I thought I would go ahead and take the advantage and advise you that the subject item registration forms submitted for renewal of the respective Surface Coating AGP's are considered incomplete until such time the required information on page eight (8) of each form is provided. I have attached scanned copies (in pdf color format) of each for your reference. I have highlighted in yellow, the specific areas that need to be addressed.

There are twenty (20) days remaining in the mandatory thirty (30) day process and review period. Should we not receive the information prior to the end of the review period, I will have to deny those entitlements and I would prefer not to have to do that.

If you have any questions, comments or concerns please e-mail or call.

Thank you for your time and consideration in this matter.

Have a great day and a Happy New Year!

Sincerely,

Dickson E. Dibble
