**REINFORCED POLYESTER RESIN OPERATIONS
AIR GENERAL PERMIT REGISTRATION FORM**

Bureau of Air Monitoring
& Mobile Sources

Part II. Notification to Permitting Office

(Detach and submit to appropriate permitting office; keep copy onsite)

Instructions: To give notice to the Department of an eligible facility's intent to use this air general permit, the owner or operator of the facility must detach and complete this part of the Air General Permit Registration Form and submit it to the appropriate Department of Environmental Protection or local air pollution control program office which has permitting authority. Please type or print clearly all information, and enclose the appropriate air general permit registration processing fee pursuant to Rule 62-4.050, F.A.C. (\$100 as of the effective date of this form)

01/2502-003

Registration Type

Check one:

INITIAL REGISTRATION - Notification of intent to:

- Construct and operate a proposed new facility.
- Operate an existing facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit).

RE-REGISTRATION (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.
- Continue operating the facility after a change of ownership.
- Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only

If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. In such case, check the first box, and indicate the operation permits being surrendered. If no air operation permits are held by the facility, check the second box.

- All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s):
- No air operation permits currently exist for this facility.

General Facility Information

Facility Owner/Company Name (Name of corporation, agency, or individual owner who or which owns, leases, operates, controls, or supervises the facility.)

DADDONA STUDIOS INC. / DAN DADDONA

Site Name (Name, if any, of the facility site; e.g., Plant A, Metropolis Plant, etc. If more than one facility is owned, a registration form must be completed for each.)

Facility Location (Provide the physical location of the facility, not necessarily the mailing address.)

Street Address: 2530 NW 16th LN.

City: Pompano Bch, Fl. County: BROWARD

Zip Code: 33064-1505

Facility Start-Up Date (Estimated start-up date of proposed new facility.)(N/A for existing facility)

Owner/Authorized Representative

Name and Position Title (Person who, by signing this form below, certifies that the facility is eligible to use this air general permit.)

Print Name and Title: DAN DADDONA PRES.

Owner/Authorized Representative Mailing Address

Organization/Firm: DADDONA STUDIOS
Street Address: 2530 NW 16th LN
City: Pompano Bch, Fl. County: BROWARD Zip Code: 33064

Owner/Authorized Representative Telephone Numbers

Telephone: 954 979 8571 Fax: 954 979 4796
Cell phone (optional): 954 415 1123

Facility Contact (If different from Owner/Authorized Representative)

Name and Position Title (Plant manager or person to be contacted regarding day-to-day operations at the facility.)

Print Name and Title:

Facility Contact Mailing Address

Organization/Firm:
Street Address:
City: County: Zip Code:

Facility Contact Telephone Numbers

Telephone: Fax:
Cell phone (optional):

Owner/Authorized Representative Statement

This statement must be signed and dated by the person named above as owner or authorized representative

I, the undersigned, am the owner or authorized representative of the owner or operator of the facility addressed in this Air General Permit Registration Form. I hereby certify, based on information and belief formed after reasonable inquiry, that the facility addressed in this registration form is eligible for use of this air general permit and that the statements made in this registration form are true, accurate and complete. Further, I agree to operate and maintain the facility described in this registration form so as to comply with all applicable standards for control of air pollutant emissions found in the statutes of the State of Florida and rules of the Department of Environmental Protection and revisions thereof.

I will promptly notify the Department of any changes to the information contained in this registration form.

Material Usage Rates

If this is an initial registration for a reinforced polyester resin operation, provide an estimate of the total quantity, in pounds, of styrene-containing materials (resin and gelcoat) expected to be used over a 12-month period. Note: the general permit limits the usage of such material to 76,000 pounds (38 tons) in any consecutive 12 months.

If this is a re-registration for a reinforced polyester resin operation, provide the highest 12-month total quantity, in pounds, of styrene-containing materials (resin and gelcoat) used in the last five years. Indicate the 12-month period over which this usage occurred.

*aver. 1 gal gel coat per mo. 15-20 gal of Acetone per mo.
We average. 1-1 1/2 55gal of Polyester Resin per mo.*

Description of Facility

Below, or as an attachment to this form, provide a description of the reinforced polyester resin operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used.

Daddona STUDIOS IS AN ART STUDIO WHERE many different materials are used wood in carpentry - mural painting, mold making and sculpture. Fiberglassed is used to coat our sculptures and is used consistently and in small quantities - Each piece is individual so there is no production of large number of parts.

ADDENDUM TO PAGE 7 OF #0112502-003

3/31/2010

Mr. Dibble,

Please add this adjusted usage amounts to my submitted permit application.

These amounts reflected were for the year of 2008. The added amounts occurred between February and September because of a large job we did in Orlando.

Resin 9,900 lbs

MEK 216 lbs

Acetone 1,080 lbs

Urethane 2,160 lbs

Oil Base Paint 720 lbs

Thinners 162 lbs

Thank You,

Dan Daddona

Dear Mr. Dan Daddona,

It was a pleasure to speak with you this morning regarding the submittal of a Reinforced Polyester Resin Operations Air General Permit Registration Form for the purpose of renewing the expiring registration for your facility.

I have attached a scanned copy of your form and as we discussed on the third page (our page number seven (7)) under Material Usage Rates, second block, the response should indicate the quantity in weight (lbs or tons) rather than gallons.

*"If this is a **re-registration** for a reinforced polyester resin operation, provide the highest 12-month total quantity, in pounds, of styrene-containing materials (resin and gelcoat) used in the last five years. Indicate the 12-month period over which this usage occurred."*

You may download and print the form for your records in the event you did not maintain a copy at your office and at the same time make corrections to the form reflecting the correct response, rescan and return as an e-mail attachment, or simply put the correct information in the body of an e-mail to me and I will simply attach either as an addendum to the original submitted form.

If you have any questions, comments or concerns please e-mail or call.

Thank you and have a great day!

Sincerely yours,

Dickson E. Dibble
