**SURFACE COATING OPERATIONS  
AIR GENERAL PERMIT REGISTRATION FORM**

**Part II. Notification to Permitting Office**

(Detach and submit to appropriate permitting office; keep copy onsite)

**Bureau of Air Monitoring  
& Mobile Sources**

**Instructions:** To give notice to the Department of an eligible facility's intent to use this air general permit, the owner or operator of the facility must detach and complete this part of the Air General Permit Registration Form and submit it to the appropriate Department of Environmental Protection or local air pollution control program office which has permitting authority. Please type or print clearly all information, and enclose the appropriate air general permit registration processing fee pursuant to Rule 62-4.050, F.A.C. (\$100 as of the effective date of this form)

**0112550-003**

**Registration Type**

Check one:

**INITIAL REGISTRATION** - Notification of intent to:

- Construct and operate a proposed new facility.  
 Operate an existing facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit).

**RE-REGISTRATION** (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.  
 Continue operating the facility after a change of ownership.  
 Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

**Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only**

If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. In such case, check the first box, and indicate the operation permits being surrendered. If no air operation permits are held by the facility, check the second box.

- All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s): \_\_\_\_\_  
 No air operation permits currently exist for this facility.

Dear Mr. Richard,

This is just a friendly reminder regarding your entitlement to operate a surface coating operations facility.

We are fast approaching the end of the mandatory thirty (30) day review & processing period for renewing your Surface Coating Operations Air General Permit Registration and as of today have not yet received the information requested in my e-mail dated 07/13/11.

I did receive a voicemail message on 07/14/11 from Kathy indicating that a FAX would be sent early AM on 07/15/11. We have did not receive a FAX, so I was concerned that it might have encountered a technical problem in the transmission, or that you were still working on the numbers. If there is a technical problem with the FAX, you can respond via e-mail and I will include your e-mail as an addendum to the submitted registration.

At any rate, in order to complete the review and processing of your registration, I will need the information requested no later than COB on Thursday, July 21, 2011 or I will have to deny your registration and I really don't want to have to do that. Please help me to bring this process to a successful conclusion.

If you have any questions, comments or concerns please e-mail or call.

Thank you and have a great day!

Sincerely yours,

*Dickson E. Dibble*

**Subject:** INCOMPLETE - Surface Coating Operations Air General Permit Registration for Facility #0112550, NEC Woodwork, Inc, Oakland Park, FL

Dear Mr. Tim Richard,

I am in receipt of your registration form for renewal of the subject item air general permit registration. I have left a voicemail message on your main telephone number, but decided to use e-mail since I also found your e-mail address on your website.

There are two issues which need to be resolved in order for me to complete the review and processing of your registration form.

1) Page 6 – Please complete the section labeled **Owner/Authorized Representative** with the requested **Name, Address** and **Contact information**. Since you have already signed the form, your information should be placed in the appropriate Owner/Authorized Representative section.

2) Missing Page 7

a. At this time the registration is considered as incomplete since Page 7 of the form was not included. Page 7 requests **Material Usage Rates** and since your facility is **re-registering** you need to answer the following question pertaining to the re-registration of your facility.

“If this is a **re-registration** for an existing surface coating operation, provide the highest monthly average of the daily quantity of volatile organic compounds in all coatings (solvents and thinners) used in the last five years. Indicate the month and year during which this usage occurred.”

b. On the same Page 7, the larger block asks for a **Description of Facility**.

Below, or as an attachment to this form, provide a description of the surface coating operations at the facility in sufficient detail to demonstrate the facility’s eligibility for use of this air general permit and to provide a basis for

tracking any future equipment or process changes at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used.

Thank you for your immediate attention to this matter.

To make this process as simple as possible, there is **no need** to fill out another form. You may simply answer the above questions in an e-mail to me and I will attach your e-mail as an addendum to the existing form.

If you should have any questions, comments or concerns please e-mail or call.

Thank you and have a great day!

Sincerely yours,

*Dickson E. Dibble*
