

F&A RECEIPT # 531315

FEB 23 2012

ANIMAL CREMATORIES
AIR GENERAL PERMIT EXAMPLE REGISTRATION WORKSHEET

Facility Identification Number (If known)

Unit # 3

01500 99-001

Registration Type

Check one:

INITIAL REGISTRATION - Notification of intent to:

- Construct and operate a proposed new facility.
- Operate an existing permitted facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit). If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. (See "Surrender of Existing Air Operation Permit(s)" below.)
- Operates an existing facility not currently permitted or using an air general permit.

RE-REGISTRATION (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.
- Continue operating the facility after a change of ownership.
- Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only, if Applicable

All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s):

General Facility Information

Facility Owner/Company Name (Name of corporation, agency, or individual owner who or which owns, leases, operates, controls, or supervises the facility.)

_____ Remembrance Services of FL. LLC.. DBA/Pet Passings

Site Name (Name, if any, of the facility site; e.g., Plant A, Metropolis Plant, etc. If more than one facility is owned, a complete registration must be submitted for each.)

_____ Punta Gorda Facility

Facility Location (Physical location of the facility, not necessarily the mailing address.)

Street Address: _____ 5500 Williamsburg Drive

City: _____ Punta Gorda

County: _____ Charlotte

Zip Code: _____ 33951

Facility Start-Up Date (Estimated start-up date of proposed new facility.)(N/A for existing facility.)

_____ N/A

ANIMAL CREMATORIES

DIVISION OF Air General Permit Example Registration Worksheet RESOURCE MANAGEMENT

The Department of Environmental Protection has established an "air general permit" at Florida Administrative Code ("F.A.C.") Rule 62-210.310(5)(d) for animal crematories. An air general permit is an authorization by rule to construct or operate a specific type of air pollutant emitting facility. Use of such authorization by any individual facility does not require action by the Department. The terms and conditions of the air general permit are set forth in the rule, rather than in a separately issued air construction or air operation permit.

If you are the owner or operator of an eligible facility comprising one or more animal crematories, you may register to use the air general permit at Rule 62-210.310(5)(d), F.A.C., by following the general procedures given at subsections 62-210.310(2) and 62-210.310(3), F.A.C. To register, use the Department's electronic registration system (currently under development) or submit all the information specified in the above rules to either of the following addresses, along with the air general permit registration processing fee (\$100.00).

Regular USPS Mail Delivery

Department of Environmental Protection
Receipts
Post Office Box 3070
Tallahassee, Florida 32315-3070

or

Overnight Delivery (FedEx, UPS, DHL, etc.)

Department of Environmental Protection
3800 Commonwealth Blvd.
Mail Station 77
Tallahassee, Florida 32399

If you properly register to use an air general permit, and are not denied use of the air general permit by the Department, you are authorized to construct and operate the facility in accordance with the general terms and conditions of Rule 62-210.310, F.A.C., and the specific terms and conditions of Rule 62-210.310(5)(d), F.A.C. Your facility may vary, so be sure your registration describes the operations at your facility in sufficient detail to demonstrate the facility's eligibility for use of the air general permit and to provide a basis for tracking any future equipment or process changes. Your registration should describe all air pollutant-emitting processes and equipment at the facility, and it should identify any air pollution control measures or equipment used.

The rules do not require any specific format for the registration. This worksheet, however, has been designed to assist owners and operators. Using it as a template for a general permit registration will help ensure that all necessary information is submitted.

Additional information can be found on the Department's air general permit program website (http://www.floridadep.org/air/emission/air_gp.htm) or by calling the Small Business Environmental Assistance Program Hotline at 1-800-SBAP-HLP (1-800-722-7457).

Design Calculations

If this is an initial registration for a proposed new animal crematory unit, provide design calculations to confirm a sufficient volume in the secondary chamber combustion zone to provide for at least a 1.0 second gas residence time at 1800 degrees F.

- Design calculations attached.
- Registration is not for proposed new animal crematory unit(s).

Helpful Definitions

“Animal Crematory” - Any combustion apparatus used solely for the cremation of animal remains.
“Biomedical Waste” - Any solid or liquid waste which may present a threat of infection to humans, including nonliquid-tissue, body parts, blood, blood products, and body fluids from humans and other primates; laboratory and veterinary wastes which contain human disease-causing agents; and discarded sharps. The following are also included:
 1. Used absorbent materials saturated with blood, blood products, body fluids, or excretions or secretions contaminated with visible blood; and absorbent materials saturated with blood or blood products that have dried.
 2. Non-absorbent, disposable devices that have been contaminated with blood, body fluids, or secretions or excretions visibly contaminated with blood, but have not been treated by a method listed in Section 381.0098, F.S., or a method approved pursuant to Rule 64E-16, F.A.C.
“Department” or “DEP” - The State of Florida Department of Environmental Protection.
“Emissions Unit” - Any part or activity of a facility that emits or has the potential to emit any air pollutant.
“Facility” - All of the emissions units which are located on one or more contiguous or adjacent properties, and which are under the control of the same person (or persons under common control).
“Owner” or “Operator” - Any person or entity who or which owns, leases, operates, controls or supervises an emissions unit or facility.

RE: Regarding inspectors findings on 01/25/2012

Dear Mr, Richard Dibble::

Enclosed is a check for \$200.00 and the registration forms for the Animal Crematory and the Human Crematory. There must have been a mishap some where along the line with the previous manager when the transition took place between Remembrance and Service Corporation. In regards to the Southeastern Pet Crematory we had filled out the forms at the completion of the installation with the assistance of Southern Enviromental Sciences, Inc. had prepared for us.

I hope this will clear up the matter and the right company now be credited with the testings.

If theres anything else you would like us to do please call me at 941-575-2755

Thank You Very Much,

Paul Henley, Mgr.:

May 2, 2008

Mr. Charles Watt
Location Manager
Southeastern Pet Crematory
5500 Williamsburg Drive
Punta Gorda, Florida 33951

Dear Mr. Watt:

This is to acknowledge that your notification of intent to use the authority of Rule 62-210.310 to operate your facility was received on March 27, 2008. We have assigned ARMS No. 0150097-001 to this facility.

As you know, pursuant to Florida Statutes section 403.814, authority to operate under general permits commences thirty days after receipt of the registration form unless you have been notified by this office that your facility has not shown entitlement to operate pursuant to the rule provisions.

For your information, authority to operate pursuant to Rule 62-210.310 expires after 5 years. Therefore, a new registration form must be received no later than 5 years after the date your notice was received as indicated above. If your general permit rule conditions require testing, such testing must be completed within the time frame specified in the rule.

If you have any additional questions, please contact Dickson Dibble at 850/921-9586.

Sincerely,

Sandra F. Veazey, Chief
Bureau of Air Monitoring
and Mobile Sources

Re: Charlotte County – AG
Southeastern Cremation
Facility ID No. 0150046
Non-Compliance Letter

Dear Mr. Henley:

The purpose of this letter is to inform you about a possible violation and request your cooperation in resolving this matter. On January 25, 2012, a Department inspector visited your above referenced facility to witness the annual compliance test. As a result of the Department's visit and a review of the facility's file, the Department believes you may be operating your facility with an Air General Permit registered with our office under Service Corporation International and Southeastern Pet Cremation. Our records do not indicate that Kays, Ponger, and Uselton applied for new permits when you took over this facility. The Air General Permits are non-transferable and each new owner must re-register for a new permit.

Rule 62-210.310(2)(b)4, Florida Administrative Code states: the facility identification number (if known) and the reason for re-registration (one or more of the following: impending expiration of the term for air general permit use; change of ownership of all or part of the facility; proposed new construction, modification, or other equipment change that requires registration pursuant to paragraph 62-210.310(2)(e), F.A.C.; or any other change not considered an administrative correction under paragraph 62-210.310(2)(d), F.A.C.). Since you are the new owners, operating this facility without the properly registered permit is a violation of Florida law.

The Department seeks your assistance in resolving this issue. We are attaching two registration applications for you to complete and submit to the Department. The first application is an application for the human crematory. On this application, please list your human crematories, emission units 1 and 2. The second application is for the animal crematory. Please list your animal crematory emission unit 3 on this application. The fee will be \$200, \$100 per application. The Department requests these applications be submitted to our Tallahassee Office within thirty days after receiving this letter.

Should you have any questions, please call Sherrill Culliver at (239) 344-5629 or by email address at Sherrill.Culliver@dep.state.fl.us.

Sincerely,

Ajaya K. Satyal
