Bureau of Air Management
(onsite) Mobile Sources

Part II. Notification to Permitting Office
(Detach and submit to appropriate permitting office; keep copy)

Instructions: To give notice to the Department of an eligible facility's intent to use this air general permit, the owner or operator of the facility must detach and complete this part of the Air General Permit Registration Form and submit it to the appropriate Department of Environmental Protection or local air pollution control program office which has permitting authority. Please type or print clearly all information, and enclose the appropriate air general permit registration processing fee pursuant to Rule 62-4.050, F.A.C. (\$100 as of the effective date of this form)

0210047-006

Registration Type

Check one:

INITIAL REGISTRATION - Notification of intent to:

- Construct and operate a proposed new facility.
- Operate an existing facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit).

RE-REGISTRATION (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.
- Continue operating the facility after a change of ownership.
- Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only

If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. In such case, check the first box, and indicate the operation permits being surrendered. If no air operation permits are held by the facility, check the second box.

- All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit. Specifically permit number(s):
0210047-004-AG
- No air operation permits currently exist for this facility.

General Facility Information

Facility Owner/Company Name (Name of corporation, agency, or individual owner who or which owns, leases, operates, controls, or supervises the facility.)

Preferred Materials, Inc.

Site Name (Name, if any, of the facility site; e.g., Plant A, Metropolis Plant, etc. If more than one facility is owned, a registration form must be completed for each.)

Preferred Materials-Naples Facility

Facility Location (Provide the physical location of the facility, not necessarily the mailing address.)

Street Address: 9210 Collier Blvd.,

City: Naples

County: Lee

Zip Code: 34114

Facility Start-Up Date (Estimated start-up date of proposed new facility.) (N/A for existing facility)

N/A

Owner/Authorized Representative

Name and Position Title (Person who, by signing this form below, certifies that the facility is eligible to use this air general permit.)

Print Name and Title: Darryl Fales, VP/GM Preferred Materials SW

Owner/Authorized Representative Mailing Address

Organization/Firm: Preferred Materials, Inc.

Street Address: 25061 Old US Highway 41

City: Bonita Springs, FL. 34135

County: Lee

Zip Code: 34135

Owner/Authorized Representative Telephone Numbers

Telephone: (239) 992-1400

Fax:

Cell phone (optional):

Facility Contact (If different from Owner/Authorized Representative)

Name and Position Title (Plant manager or person to be contacted regarding day-to-day operations at the facility.)

Print Name and Title: James Swedenburg, Operations Manager

Facility Contact Mailing Address

Organization/Firm: Preferred Materials, Inc.

Street Address: 9210 Collier Blvd.,

City: Naples

County: Lee

Zip Code: 34114

Facility Contact Telephone Numbers

Owner/Authorized Representative Statement

This statement must be signed and dated by the person named above as owner or authorized representative

I, the undersigned, am the owner or authorized representative of the owner or operator of the facility addressed in this Air General Permit Registration Form. I hereby certify, based on information and belief formed after reasonable inquiry, that the facility addressed in this registration form is eligible for use of this air general permit and that the statements made in this registration form are true, accurate and complete. Further, I agree to operate and maintain the facility described in this registration form so as to comply with all applicable standards for control of air pollutant emissions found in the statutes of the State of Florida and rules of the Department of Environmental Protection and revisions thereof.

I will promptly notify the Department of any changes to the information contained in this registration form

Type of Facility

Check one:

Stationary Facility

Relocatable Facility

Type(s) of Reasonable Precautions Used to Prevent Unconfined Emissions

Check all precautions to be used for the management of roads, parking areas, stock piles and yards:

Pave Roads

Pave Parking Areas

Pave Yards

Maintain Roads/Parking/Yards

Use Water Application

Use Dust Suppressant

Remove Particulate Matter

Reduce Stock Pile Height

Install Wind Breaks

Check all precautions to be used for the management of drop points to trucks:

Spray Bar

Chute

Enclosure

Partial enclosure

Description of Reasonable Precautions

Below, or as an attachment to this form, provide details of all types of reasonable precautions to be used to prevent unconfined emissions at the facility.

This facility is provided with a excessive stormwater/wastewater drainage system which is designed to flush particulate matter from the paved yard. This keeps the paving cleaner, and substantially reducing fugitive emissions. Aggregate stockpiles in the yard are stored on paved surfaces and kept watered, partly for quality control and partly to reduce potential emissions from these materials.

2009 SEP -14 AM 12: 25
FLORIDA DEPARTMENT OF REVENUE

Description of Facility

Below, or as an attachment to this form, provide a description of the concrete batching plant operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used.

A Ready-mix facility, including a two-compartment cement silo, a single-compartment flyash silo, a cement weigh hopper, and a portable ready-mix facility, including a two-compartment cement silo and a cement weigh hopper.

East Ready-mix Facility:

- ✓ 1. Cement silo compartment -1 (With a C&W R01 Silo Top with cartridges).
- ✓ 2. Cement silo compartment-2 and single-compartment flyash silo (both served by a single C&W FC-3J 24" silo top with cartridges).
- ✓ 3. Cement weigh hopper (with C&W Dust System Model CP-1220 Central cartridge dust collector).
- ✓ 4. Concrete Mixer truck load out* (with C&W Dust System Model CP-1220 Central cartridge dust collector)

Portable Ready-mix West Facility:

- ✓ 1. Two-compartment cement silo (with a C&W R01 Silo Top with cartridge).
- ✓ 2. Cement weigh hopper (with C&W Dust System Model CP-1220 Central cartridge dust collector).
- ✓ 3. Concrete mixer truck load out* (with C&W Dust System Model CP-1220 Central 230v cartridge dust collector).

* The mixer truck loadout is considered a fugitive emissions source.

"Specializing in Visible Emission and Stack Testing"

March 19, 2009

ELECTRONIC CORRESPONDENCE

Mr. Sherrill Culliver
Florida Department of
Environmental Protection
South District Air Section
2295 Victoria Avenue, Suite 364 -
Fort Myers, Florida 33902

Re: Preferred Materials, Inc., Naples
AIRS ID: 0210047

Dear Mr. Culliver:

On March 19, 2009, EPA Method 9, Visible Emission Testing was conducted at Preferred Materials, Inc., Naples, ID 0210047 located at 9210 Collier Boulevard in Naples, Florida.

The tests were performed in order to comply with the requirements as specified in the Air General Permit Registration Form.

The tests were conducted by Ryan Peterson, a certified Visible Emission Evaluator. A copy of the certification is attached.

The following Emission Points were tested:

- o EU002 Baghouse on South silo
- o EU001 Dust collector on North silo
- o EU004 East dust collector on silo
- o EU003 West dust collector on silo
- o EU006 Dust collector on North side of silo

To the best of my knowledge, this completes all of the required annual tests. If, for any reason, this is incorrect, please contact me as soon as possible.

Sincerely,

William Arlington
WDA/dc

VISIBLE EMISSIONS EVALUATOR

This is to certify that

RYAN PETERSON

met the specifications of Federal Reference Method 9 and qualifies as a visible emissions evaluator. Maximum deviation on white and black smoke did not exceed 7.5% opacity and no single error exceeding 15% opacity was incurred during the certification test conducted by Eastern Technical Associates of Raleigh, NC. This certificate is valid for six months from date of issue.
