Ray,

With regard to 0251274, we have no hardcopy files for this facility since it was never permitted by the Tallahassee office. It was last permitted by DERM and DERM maintains the hardcopy files for this facility. As the result I did not update ARMS and will leave that up to you.

Since 0251221 was permitted here in Tallahassee and we maintain the records for this facility, I have gone ahead with your request to update ARMS and changed this facility status to INACTIVE based on the results of your inspection. Is this a temporary or permanent closing?

PERMIT SCREEN COMMENTS for 0251221 in their entirety: 07/26/10- Status to INACTIVE, per Ray Gordon (DERM) e-mail dated 07/26/10, inspection verified facility closed.
