Secretary

August 16, 2007

Mr. Ramon Fajin  
Impresos Victory  
9016 North Way 105 Way  
Medley, Florida 33178

Dear Mr. Fajin:

This is to acknowledge that your notification of intent to use the authority of Rule 62-210.310 to operate your facility was received on July 18, 2007. We have assigned ARMS Number 0251263-001 to this facility.

As you know, pursuant to Florida Statutes section 403.814, authority to operate under general permits commences thirty days after receipt of the registration form unless you have been notified by this office that your facility has not shown entitlement to operate pursuant to the rule provisions.

For your information, authority to operate pursuant to Rule 62-210.310 expires after 5 years. Therefore, a new registration form must be received no later than 5 years after the date your notice was received as indicated above. If your general permit rule conditions require testing, such testing must be completed within the time frame specified in the rule.

If you have any additional questions, please contact Dickson Dibble at 850/921-9586.

Sincerely,

Sandra F. Veazey, Chief  
Bureau of Air Monitoring  
and Mobile Sources

RECEIVED

PRINTING OPERATIONS  
AIR GENERAL PERMIT REGISTRATION FORM

JUL 18 2007

Part II. Notification to Permitting Office  
(Detach and submit to appropriate permitting office; keep copy onsite) Bureau of Air Monitoring & Mobile Sources

Instructions: To give notice to the Department of an eligible facility's intent to use this air general permit, the owner or operator of the facility must detach and complete this part of the Air General Permit Registration Form and submit it to the appropriate Department of Environmental Protection or local air pollution control program office which has permitting authority. Please type or print clearly all information, and enclose the appropriate air general permit registration processing fee pursuant to Rule 62-4.050, F.A.C. (\$100 as of the effective date of this form)

0251263-001

Registration Type

Check one:

INITIAL REGISTRATION - Notification of intent to:

- Construct and operate a proposed new facility.
- Operate an existing facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit).

RE-REGISTRATION (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.
- Continue operating the facility after a change of ownership.
- Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only

If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. In such case, check the first box, and indicate the operation permits being surrendered. If no air operation permits are held by the facility, check the second box.

- All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s):
- No air operation permits currently exist for this facility.

General Facility Information

Facility Owner/Company Name (Name of corporation, agency, or individual owner who or which owns, leases, operates, controls, or supervises the facility.)

Impresos Victory

Site Name (Name, if any, of the facility site; e.g., Plant A, Metropolis Plant, etc. If more than one facility is owned, a registration form must be completed for each.)

Facility Location (Provide the physical location of the facility, not necessarily the mailing address.)

Street Address: 9016 NW 105 Way

City: Medley

County: Dade

Zip Code: 33178

Facility Start-Up Date (Estimated start-up date of proposed new facility.) (N/A for existing facility)

**Owner/Authorized Representative**

Name and Position Title (Person who, by signing this form below, certifies that the facility is eligible to use this air general permit.)

Print Name and Title: Ramon Fajin

Owner/Authorized Representative Mailing Address

Organization/Firm: Impresos Victory

Street Address: 9016 NW 105 Way

City: Medley

County: Dade

Zip Code: 33178

Owner/Authorized Representative Telephone Numbers

Telephone: 305-884-~~8877~~ 7471

Fax: 305-884-7472

Cell phone (optional): 786-277-7381

**Facility Contact (If different from Owner/Authorized Representative)**

Name and Position Title (Plant manager or person to be contacted regarding day-to-day operations at the facility.)

Print Name and Title:

**Owner/Authorized Representative Statement**

This statement must be signed and dated by the person named above as owner or authorized representative

*I, the undersigned, am the owner or authorized representative of the owner or operator of the facility addressed in this Air General Permit Registration Form. I hereby certify, based on information and belief formed after reasonable inquiry, that the facility addressed in this registration form is eligible for use of this air general permit and that the statements made in this registration form are true, accurate and complete. Further, I agree to operate and maintain the facility described in this registration form so as to comply with all applicable standards for control of air pollutant emissions found in the statutes of the State of Florida and rules of the Department of Environmental Protection and revisions thereof.*

*I will promptly notify the Department of any changes to the information contained in this registration form.*

Signature

Date

7/9/07

**Printing Process/InkType(s)**

Check all that apply:

- Heatset Offset Lithographic
- Screen or Letterpress
- Flexographic

- Non-Heatset Offset Lithographic
- Water Based
- Rotogravure

- Digital
- Ultraviolet Cured

**Compliance Assurance - Initial Registration (Not Required for Re-Registration)**

Below, or as an attachment to this form, provide the method (mass balance or material usage rates) expected to be used to demonstrate compliance with Rule 62-210.310(4)(f)2., F.A.C. Provide the estimated amount of materials containing hazardous air pollutants and solvent-containing materials expected to be used over a 12-month period. The facility will track material usage based on materials purchased and inventory to determine the actual use. The amounts of hazardous air pollutants and solvents will be determined by actual usage and the amounts of each ingredient as reported by the MSDS. The facility expects to use about 7860 gallons of liquids including inks, clean up solvent, fixers and developers. The total VOC emissions are estimated for the next 12 months at about 12 tons. The total HAPS are estimated to be less than one ton.

**Compliance Determination - Re-Registration (Not Required for Initial Registration)**

Below, or as an attachment to this form, provide the highest 12-month total quantity of materials containing hazardous air pollutants and the highest 12-month total quantity of solvent-containing materials used in the last five years to show compliance with sub-subparagraph 62-210.310(4)(f)2.b., F.A.C. (material usage rates) or provide all calculations to show compliance with sub-subparagraph 62-210.310(4)(f)2.a., F.A.C. (mass balance).

**Description of Facility**

Below, or as an attachment to this form, provide a description of the printing operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Information should include a description of the number and types of printing processes, presses and ink systems being used at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used:

The facility will have two lithographic web print lines. A line has a roll stand to hold the rolls of paper. The paper is fed to a web guide to insure proper tracking of the paper as it is printed. The paper then passes through four inking units, each with a different color ink. The inked paper then passes through an oven to dry the ink. The oven is rated at 2.09 MMBTU/hr and normally runs at about half of full load. The heated paper then passes through a cooler that uses chilled water to cool the paper before passing to the cutting and handling equipment. The cooler exhausts the warm air out the building roof. The oven also vents exhaust out the roof.

Between runs the unit is cleaned using a solvent cleaner and rags to wipe the equipment. The solvent is removed by running paper through the unit. The paper is collected and sent to a recycler. The rags are also sent to a facility where they are cleaned and returned.

## **RE: Air General Permit Application**

Enclosed is one copy of an Air General Permit Registration Form and a check to cover the \$100 registration fee for Impresos Victory in Medley, Florida. Impresos Victory is installing two "heatset" lithographic web print lines and plans an early August startup.

If you have any questions please call me at (813) 651-0878.

Sincerely,

Kenneth Given, P.E.  
President
