Dear Ms. Judithe Dimanche,

It was a pleasure to speak with you today regarding your registration form for the Perchloroethylene Dry Cleaner Air General Permit. As I had mentioned during our conversation there are several questions/answers which were left unanswered on the form as well as missing your signature and the date on the signature page, page 16. In order for me to consider your registration form as complete you will need to complete the areas on the form where I have "highlighted".

I have enclosed a copy of your original form which you can make the necessary corrections to, sign and date the form and mail back to me as soon as possible to the following address:

I have also included a blank copy of the form for your use should you need it.

If you have any questions, comments or concerns, please call or e-mail.

Thank you and have a great day!

Sincerely,
