Richard,

On 3/23/09 the above facility under your jurisdiction was issued the subject item Cast Polymer Operations Air General Permit AIRS ID#.

Since this facility is previously permitted under ID# 0310524-002-AO the Air General permit rule (Rule 62-210.310 (2)(b)1., F.A.C.) state that ***“Any existing, individual air operation permit(s) authorizing operation of the facility must be surrendered by the owner or operator, effective upon the first day of use of the air general permit.”***

According to Jonathan Holtom, there is an air operation permit surrender protocol to be followed in cases such as this, so this e-mail is just an FYI just to make you aware of the subject item facility's migration from the AO to the AG permit.

Have a great day!

Dick
