Dear Ms. Shelly V. Lucas,

Thank you for your letter dated October 7, 2009 (1<sup>st</sup> pdf file attached) advising the Department that the subject item facility has permanently ceased its printing operations and thereby requests termination of coverage under the Printing Operation Air General Permit Registration Program.

This is confirmation that the facility status was changed to INACTIVE on July 29, 2009, effective May 31, 2009, in the wake of a similar written request (2<sup>nd</sup> pdf file attached) dated July 27, 2009 and authored by one Mr. Patrick T. Daugherty, Print & Distribution Director and received by the Department on the same day. An attempt to contact Mr. Daugherty for confirmation of facility closure was made by Mr. Robert Wong of our Bureau on July 29, 2009, but ultimately Mr. Daugherty's secretary was able to address the closure confirmation.

Please accept my apology for the fact that the confirmation request by Mr. Daugherty was overlooked.

Below you will find a "screen-capture" of the facility as entered in our database and you will note that it displays INACTIVE with a permanent Final Shutdown Date of 05/31/2009.

Dear Ms. Veazey:

The above-reference facility is covered by the Department's Air General Permit for Printing Operations found at Rule 62-210.310(4)(f).

By this letter, the permittee notifies the Department that this facility has permanently ceased its printing operations. The cessation of printing operations was noted in the attached July 17, 2009 letter from the Department enclosing an inspection report.

Please contact me with any questions. Thank you for your assistance.
