Dear Diana and Jason,

As of today, November 19, 2009, the subject item facility has migrated to the Printing Operations AGP (#0570441-007-AG) as an initial entitlement under the air general permit registration program.

As required by Rule 62-210.310(2)(b)1., F.A.C., - Air General Permits – General Procedures:

1. Initial Registration. Registration of a facility which is not currently authorized to construct or operate under the terms and conditions of an air general permit is classified as an initial registration. Any existing, individual air operation permit(s) authorizing operation of the facility must be surrendered by the owner or operator, effective upon the first day of use of the air general permit.

According to Jonathan Holtom there is an established protocol to accomplishing that surrender process.

Please call him if you have any questions in that regard.

Thank you and have a great day!

Have a Happy Thanksgiving Day Holiday if I shouldn't talk to you before then.

Sincerely,

*Dick*
