Subject: High Tech Cleaners 710166, 4600 Summerlin Road, Ft. Myers

Dick,

High Tech Cleaners on Summerlin has gone green and switched to a silicon based "green" solvent as of 3/31/10 inspection. They have removed their old PERC Machine and disposed of all PERC from the facility. They now have a new REALSTAR dry cleaning machine using this new solvent. I have informed our Hazardous Waste personnel in our office so they can request all documentation concerning the removal of the PERC and the old machine. The facility status just needs to be changed to inactive.

Thanks.

Robert J. Stewart
