Good afternoon Robert!

I have completed the INACTIVATION of the subject item facility based on your findings AND as stated in your e-mail below.

ARMS FACILITY SCREEN COMMENTS in their entirety: **02/26/10-Facility Status to INACTIVE, per FDEP's R. Stewart e-mail same date, facility is closed & perc machine has been removed.**

ARMS FACILITY SCREEN

The screenshot shows the Oracle Enterprise Applications interface for the Florida Department of Environmental Protection. The window title is "Florida Department of Environmental Protection - Enterprise Applications" and the Oracle logo is visible in the top right. The main menu includes "Details", "Forms and", "Permit", "Compliance", "Pollutant", "related party", "Help", "Return", "Exit", and "Window". The current screen is titled "Air Resource Management System - Facility".

The form displays the following data:

Good morning Robert!

I do not need a letter from the RO as long as you have verified (via inspection) that the store is closed and the machine and perc have been removed. Your e-mail request will suffice and I can change the facility status to INACTIVE based on your findings.

With respect to Stadium Cleaners, I can find no AG permit for that facility in ARMS. Do you have an AIRS ID #?

The "drop store two blocks south of the original location" to which you referred, is that Stadium Cleaners or is that simply a drop store? If Stadium Cleaners is a separate entity and they use a petroleum based cleaning solvent then they are exempt from AG permitting.

I will go ahead and INACTIVATE the Elegant Image based on your prior comments.

Dick

Subject: Elegant Image Dry Cleaners - 0710167

Dick,

Elegant Image has closed its store and removed its PERC dry cleaning machine. The owner now has a drop store two blocks south of original location. He is now managing Stadium Cleaners, 6900 Daniels Pkwy. Ste. 1, in Ft. Myers, FL. Do you need a letter from the owner stating he has closed his old store and should he surrender his permit if Stadium Cleaners is not a PERC operation (I believe it is a petroleum cleaner)?

Thanks.
