Material Usage Rates

If this is an **initial registration** for a reinforced polyester resin operation, provide an estimate of the total quantity, in pounds, of styrene-containing materials (resin and gelcoat) expected to be used over a 12-month period. Note: the general permit limits the usage of such material to 76,000 pounds (38 tons) in any consecutive 12 months.

Year to date 6,301#

If this is a **re-registration** for a reinforced polyester resin operation, provide the highest 12-month total quantity, in pounds, of styrene-containing materials (resin and gelcoat) used in the last five years. Indicate the 12-month period over which this usage occurred.

Description of Facility

Below, or as an attachment to this form, provide a description of the reinforced polyester resin operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used.

Good morning Robert,

I just talked with O/AR Mr. Tom Gamso regarding the registration form (see the first attached .pdf file) which he submitted and we received on August 20, 2008 for the purpose of renewing the AGP registration for the subject item facility.

Mr. Gamso submitted the renewal on an outdated (Effective: 6/21/01) registration form. I mentioned that the current updated form has an effective date of January 10, 2007, and he replied that you had provided him with the form when you visited his facility.

I offered to send him a copy of the correct form via email, but he said they don't have e-mail and if we want a new form we were going to have to mail a copy to him. At that point he was somewhat curt with me. I mentioned that there was no need to submit another processing fee of \$100.00 and he was quick to say that he better not have to.

At any rate would you be so kind to provide him with the correct form (the second .pdf file copy attached).

I also mentioned that since he had already submitted the \$100.00 processing fee and that it had already been processed by our Finance & Accounting Div. he could send the correct form to a different address. He refused to write it down and once again told me that I would have to send it to him.

Here is the address he should send it to:

**FDEP-DARM
Attn: Dick Dibble
Air General Permit Program
BAMMS, MS5510
2600 BLAIR STONE ROAD
TALLAHASSEE, FLORIDA 32399-2400**

Since the thirty (30) review clock has already began ticking I need to receive the completed correct form no later than September 17, 2009 otherwise we may have to deny his entitlement and we don't really want to do that.

Thank you for your assistance in resolving this issue. If you have any questions, comments or concerns please email or call.

Have a great day!

Dick
