Dear Mr. Tom Richardson,

Please, this is just a friendly reminder – I will need to be in receipt of the information, which I requested during our telephone conversation of 01/09/09 and my e-mail below of the same date, no later than Tuesday, January 3, 2009. If not received by that time, I will have to deny your application to renew your Perchloroethylene Dry Cleaner Air General Permit Registration which was originally received by our office on January 5, 2009. I would rather not have to do that.

If you have any questions or concerns, please e-mail or call.

Thank you and have a great day!

Sincerely,

Dickson E. Dibble

1/29/2009

Dear Mr. Richardson,

This correspondence is in response to our telephone conversation this morning regarding the incomplete PERCHLOROETHYLENE DRY CLEANER AIR GENERAL PERMIT Registration Form which you submitted and we received on January 5th, 2009. I have attached a scanned copy (.pdf file) of your form for your completion and re-submittal.

I have only included the form itself (four (4) pages); however, the original application packet itself contains eighteen pages of rule and completion instructions. In the event you require the entire packet in order to complete the form, I have included the "hot-link" below, which, when you "click" on it, it will take you directly to the file on our website. You will be able to read and/or download the complete application package to your computer for printing.

[http://www.floridadep.org/Air/forms/titlevgp/dep62_213_900\(2\).pdf](http://www.floridadep.org/Air/forms/titlevgp/dep62_213_900(2).pdf)

Please return the completed original, signed and dated form to us as soon as possible.

I reviewed your account in our data base and your current entitlement to operate expired last year on February 17th, 2008. It is critical that you complete and return the form as soon as you can. Please keep a copy of the completed form on file at your facility, so that in the event an inspector should visit your facility, you can show that you have applied for a renewal and it is already in process.

I hope this helps and if you should have any questions, comments or concerns, please don't hesitate to e-mail or call.

Have a great day and a very Happy New Year!

Sincerely,

Dickson E. Dibble
