BULK GASOLINE PLANT
AIR GENERAL PERMIT REGISTRATION FORM DIVISION OF AIR
RESOURCE MANAGEMENT

Part II. Notification to Permitting Office
(Detach and submit to appropriate permitting office; keep copy onsite)

Instructions: To give notice to the Department of an eligible facility's intent to use this air general permit, the owner or operator of the facility must detach and complete this part of the Air General Permit Registration Form and submit it to the appropriate Department of Environmental Protection or local air pollution control program office which has permitting authority. Please type or print clearly all information, and enclose the appropriate air general permit registration processing fee pursuant to Rule 62-4.050, F.A.C. (\$100 as of the effective date of this form)

0810162-004

Registration Type

Check one:

INITIAL REGISTRATION - Notification of intent to:

- Construct and operate a proposed new facility.
- Operate an existing facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit).

RE-REGISTRATION (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.
- Continue operating the facility after a change of ownership.
- Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only

If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. In such case, check the first box, and indicate the operation permits being surrendered. If no air operation permits are held by the facility, check the second box.

- All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s): _____
- No air operation permits currently exist for this facility.

General Facility Information

Facility Owner/Company Name (Name of corporation, agency, or individual owner who or which owns, leases, operates, controls, or supervises the facility.)

J H Williams Oil Co., Inc.

Site Name (Name, if any, of the facility site; e.g., Plant A, Metropolis Plant, etc. If more than one facility is owned, a registration form must be completed for each.)

Bradenton Plant

Facility Location (Provide the physical location of the facility, not necessarily the mailing address.)

Street Address: 878 12th ST. E

City: Bradenton

County: Manatee

Zip Code: 34205

Facility Start-Up Date (Estimated start-up date of proposed **new** facility.)(N/A for existing facility)
N/A

Throughput Rate

If this is an **initial registration** for bulk gasoline plant operations, provide an estimate of the facility's expected gasoline throughput rate (amounts received and distributed) over a 12-month period. Note: the general permit limits the throughput rate to 6.0 million gallons of gasoline in any consecutive 12 months.

If this is a **re-registration** for gasoline bulk plant operations, provide the highest 12-month gasoline throughput rate for the facility for the previous five years. Indicate the 12-month period over which this usage occurred.
2800000 for January through December 2007

Description of Facility

Below, or as an attachment to this form, provide a description of the bulk gasoline plant operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used. Include the capacity of all gasoline storage tanks at the facility.

Distribution of gasoline, diesel fuel and lube oils.

Storage capacity: 60000 gallons-Gasoline, 60000 gallons Diesel Fuel
