Dear Mr. Feather:

This is to acknowledge that your notification of intent to use the authority of Rule 62-210.310 to operate your facility was received on February 26, 2007. We have assigned ARMS # 0951312-001 to this facility.

As you know, pursuant to Florida Statutes section 403.814, authority to operate under general permits commences thirty days after receipt of the registration form unless you have been notified by this office that your facility has not shown entitlement to operate pursuant to the rule provisions.

For your information, authority to operate pursuant to Rule 62-210.310 expires after 5 years. Therefore, a new registration form must be received no later than 5 years after the date your notice was received as indicated above. If your general permit rule conditions require testing, such testing must be completed within the time frame specified in the rule.

Ilka & John,

This is just an FYI.

I have received (Finance & Accounting date stamped 03/12/07) and entered into the ARMS database the following Printing Operation facility in your area:

AIRS ID# 0951312, Project #001
 Feather Printing Services Inc
 d.b.a. Feather Printing Services
 1215 29th Street
 Orlando, FL 32805

The Owner/Authorized Representative is one E. Daniel Feather. On his Air General (AG) Permit Registration Form he has indicated in the Compliance Assurance – Initial Registration box the following information:

Small Shop. I am the only one printing etc. at this one and only shop.

This past year I purchased less than 20 gal. wash up solution.
 I used less than 120 lbs. of ink for the year.

Feather Printing Services has two (2) Non-Heatset Offset Lithographic presses, 10" x 15" and 11" x 17".

According to Mr. Feather's statements, it would appear that the materials used last year at this facility may be well below the Categorical and Conditional Exemption from permitting as thresholds stated in Rule 62-210.300(3)(a) 37.b. and c.(II).

Since he has determined that he is eligible for the AG permit and has completed and submitted the proper registration form and \$100 fee, we have processed it accordingly and it is now in the thirty (30) day review cycle.

As usual, at the end of the review cycle you will receive a copy of the registration form and at that time you may want to have someone verify the "material" used numbers. If the facility is found to be "exempt" from permitting at that time, we can INACTIVATE the facility.

Email or call me if you have any questions.

Thank you, and have a great weekend!

Dick
