Subject: Florida Stucco Corp's Concrete Batching Air General Permit Registration Form for renewal of #0990643

Dear Jacqueline,

Good morning! I hope this e-mail finds you well.

I have not yet received a response regarding my request for the missing data on Pages nine (9) and ten (10) of the subject item registration form.

During our conversation last week you had indicated that you were in the process of gathering the data. I mentioned that I would be able to accept the information requested via e-mail and that I would simply add your e-mail as an addendum to the original form.

I am in need of the information by close of business today. Unfortunately, if I don't receive the information today, I will be forced to deny renewal of the permit and I really don't like to have to do that. So, if you would be so kind to help me out I would surely appreciate it.

If you have any questions, comments or concerns please e-mail or call.

Thank you for your attention to this matter and have a great day!

I look forward to hearing from you.

Sincerely,

Dickson E. Dibble
