Good morning Mr. Dibble,

As per our conversation, attached you will find the letter stating The Wheel Wizard's intention to rescind our Air General Permit since our low VOC usage makes us exempt from needing it.

Please do not hesitate to contact me at (941) 400-9519 if you need anything further to process this.

Best regards,

Robert Plainte

RECEIVED

SEP 28 2009

Bureau of Air Monitoring
& Mobile Sources

Dear Mr. Dibble,

As per our conversation on Friday September 25th we, The Wheel Wizard, have determined that under the current Air rules, specifically Chapter 62-210 Stationary Sources – General Requirements subpart 61-210.300 we are exempt from needing our current General Air Permit for our facility located at 600 Sansbury Way, West Palm Beach, Florida.

The rules states the following:

27. Surface coating operations within a single facility, provided:

- a. The surface coating operation shall use only coatings containing 5.0 percent or less VOC, by volume, or the total quantity of coatings containing greater than 5.0 percent VOC, by volume, used at the facility shall not exceed 6.0 gallons per day, averaged monthly, where the quantity of coatings used includes all solvents and thinners used in the process or for cleanup; and
- b. Such operations are not subject to any unit-specific applicable requirement.

Our facility usage is well below these guidelines and therefore it is our formal request to rescind our General Air Permit (ARMS No. 0990688-001) due to our exemption from this rule.

Please do not hesitate to contact us at (941) 284-1375 if you need any further information.

Best regards,

Robert Plante
President

Subject: FW: Wheel Wizard Air General Permit ARMS ID# 0990688-001-AG; INACTIVATED
Attachments: Wheel Wizard Air General Permit Letter.pdf

Dear Mr. Plainte,

Thank you for your e-mail and letter dated September 28, 2009.

The intent of this e-mail is to confirm that since you have determined your SC operation is exempt from permitting according to the rules, and as the result you are requesting rescindment of the subject item entitlement to operate with intent to use the Surface Coating (SC) Operations Air General Permit, I have proceeded with the INACTIVATION of your facility entitlement. I have included below a Facility screen print and the associated comments as displayed in our database for your records.

ARMS FACILITY SCREEN

FACILITY SCREEN COMMENTS: 09/30/09-INACTIVE per ltr fr Robert Plainte O/AR, dated 09/28/09 Wheel Wizard has determined they are exempt & therefore has requested their entitlement be rescinded.

The screenshot displays the Oracle Enterprise Applications interface for the Florida Department of Environmental Protection. The window title is "Florida Department of Environmental Protection - Enterprise Applications". The main content area shows the "Air Resource Management System - Facility" screen. The form includes the following fields and values:
