Mr. Kevin Allbritten
Venetian Concrete Roof Tile, Incorporated
2246 Destiny Way
Odessa, Florida 33556

Dear Mr. Allbritten:

This is to acknowledge that your notification of intent to use the authority of Rule 62-210.310 to operate your facility was received on August 16, 2007. We have assigned ARMS # 1010489-003 to this facility.

As you know, pursuant to Florida Statutes section 403.814, authority to operate under general permits commences thirty days after receipt of the registration form unless you have been notified by this office that your facility has not shown entitlement to operate pursuant to the rule provisions.

For your information, authority to operate pursuant to Rule 62-210.310 expires after 5 years. Therefore, a new registration form must be received no later than 5 years after the date your notice was received as indicated above. If your general permit rule conditions require testing, such testing must be completed within the time frame specified in the rule.

If you have any additional questions, please contact Dickson Dibble at 850/921-9586.

Sincerely,

Sandra F. Veazey, Chief
Bureau of Air Monitoring
and Mobile Sources

SFV/pg

cc: Mr. Christopher Bradley, Southwest District

**CONCRETE BATCHING PLANT
AIR GENERAL PERMIT REGISTRATION FORM**

Part II. Notification to Permitting Office

(Detach and submit to appropriate permitting office; keep copy onsite)

Instructions: To give notice to the Department of an eligible facility's intent to use this air general permit, the owner or operator of the facility must detach and complete this part of the Air General Permit Registration Form and submit it to the appropriate Department of Environmental Protection or local air pollution control program office which has permitting authority. Please type or print clearly all information, and enclose the appropriate air general permit registration processing fee pursuant to Rule 62-4.050, F.A.C. (\$100 as of the effective date of this form)

1010489-003

Registration Type

Check one:

INITIAL REGISTRATION - Notification of intent to:

- Construct and operate a proposed new facility.
- Operate an existing facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit).

RE-REGISTRATION (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.
- Continue operating the facility after a change of ownership.
- Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

Bureau of Air Monitoring
& Mobile Sources

AUG 22 2007

RECEIVED

Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only

If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. In such case, check the first box, and indicate the operation permits being surrendered. If no air operation permits are held by the facility, check the second box.

- All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s): _____
- No air operation permits currently exist for this facility.

General Facility Information

Facility Owner/Company Name (Name of corporation, agency, or individual owner who or which owns, leases, operates, controls, or supervises the facility.)

VENETIAN CONCRETE ROOF TILE, INC.

Site Name (Name, if any, of the facility site; e.g., Plant A, Metropolis Plant, etc. If more than one facility is owned, a registration form must be completed for each.)

VENETIAN CONCRETE ROOF TILE, INC.

Facility Location (Provide the physical location of the facility, not necessarily the mailing address.)

Street Address: **2246 DESTINY WAY**

City: **OPESSA**

County: **PASCO**

Zip Code: **33556**

Facility Start-Up Date (Estimated start-up date of proposed new facility.)(N/A for existing facility)

AUGUST 2000

Type of Facility

Check one:

Stationary Facility

Relocatable Facility

Type(s) of Reasonable Precautions Used to Prevent Unconfined Emissions

Check all precautions to be used for the management of roads, parking areas, stock piles and yards:

Pave Roads

Maintain Roads/Parking/Yards

Remove Particulate Matter

Pave Parking Areas

Use Water Application

Reduce Stock Pile Height

Pave Yards

Use Dust Suppressant

Install Wind Breaks

Check all precautions to be used for the management of drop points to trucks:

NA

Spray Bar

Chute

Enclosure

Partial enclosure

Description of Reasonable Precautions

Below, or as an attachment to this form, provide details of all types of reasonable precautions to be used to prevent unconfined emissions at the facility.

Bell Style dust house, 150 sqf. Manufactured by Belgrade Steel Tank, using 100% Polyester Fiber mounted atop the Silo. The Silo loading rate is 25 Tons per hour.

The cement is delivered to the mixer by means of sealed screw type conveyor.

Description of Facility

Below, or as an attachment to this form, provide a description of the concrete batching plant operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used.

There are two 270 Barrell Belgrade Silos at the facility. One Silo is for bulk Gray Cement, the other is for white cement.

Each Silo has a Bell style dust house - 150 ft.S. Manufactured by Belgrade Steel tank using 100% Polyester Fiber. Mounted atop the Silo, with a loading rate of 25 Tons per hour.

The cement is delivered to the mixer by means of a Sealed Screw type conveyor
