Good morning Danielle!

Thank you so very much for keeping us apprised of this type of activity.

Since this facility was most recently entitled through the Tallahassee office, there are additional closeout activities that have to be performed by Pat Grant in our recordkeeping when INACTIVATIONS occur.

Your follow-thru helps us in our efforts to maintain as high a level of accuracy as is possible within our database.

Thank you for your help and have a great day!

*Dick*

Danielle,

Today is your lucky day!

Actually, due the current permitting load I am somewhat lagging in my Administrative tasks so I have not yet been able to complete Joe's request. It is in the pile (near the bottom) and I will place the request on a "hold until further notice" basis per your request.

Thank you and have a great day!
