

**REINFORCED POLYESTER RESIN OPERATIONS
AIR GENERAL PERMIT REGISTRATION FORM**

RECEIVED

JAN 14 2011

Part II. Notification to Permitting Office

(Detach and submit to appropriate permitting office; keep copy onsite)

**Bureau of Air Monitoring
& Mobile Sources**

Instructions: To give notice to the Department of an eligible facility's intent to use this air general permit, the owner or operator of the facility must detach and complete this part of the Air General Permit Registration Form and submit it to the appropriate Department of Environmental Protection or local air pollution control program office which has permitting authority. Please type or print clearly all information, and enclose the appropriate air general permit registration processing fee pursuant to Rule 62-4.050, F.A.C. (\$100 as of the effective date of this form)

Registration Type

Check one:

INITIAL REGISTRATION - Notification of intent to:

- Construct and operate a proposed new facility.
 Operate an existing facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit).

RE-REGISTRATION (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.
 Continue operating the facility after a change of ownership.
 Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

1030291-005

Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only

If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. In such case, check the first box, and indicate the operation permits being surrendered. If no air operation permits are held by the facility, check the second box.

- All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s): **# 1030291-003-AB**
 No air operation permits currently exist for this facility.

General Facility Information

Facility Owner/Company Name (Name of corporation, agency, or individual owner who or which owns, leases, operates, controls, or supervises the facility.)

JMT Fiberglass INC.

Site Name (Name, if any, of the facility site; e.g., Plant A, Metropolis Plant, etc. If more than one facility is owned, a registration form must be completed for each.)

JMT Fiberglass INC.

Facility Location (Provide the physical location of the facility, not necessarily the mailing address.)

Owner/Authorized Representative Statement

This statement must be signed and dated by the person named above as owner or authorized representative

I, the undersigned, am the owner or authorized representative of the owner or operator of the facility addressed in this Air General Permit Registration Form. I hereby certify, based on information and belief formed after reasonable inquiry, that the facility addressed in this registration form is eligible for use of this air general permit and that the statements made in this registration form are true, accurate and complete. Further, I agree to operate and maintain the facility described in this registration form so as to comply with all applicable standards for control of air pollutant emissions found in the statutes of the State of Florida and rules of the Department of Environmental Protection and revisions thereof.

I will promptly notify the Department of any changes to the information contained in this registration form.

Date

Material Usage Rates

If this is an **initial registration** for a reinforced polyester resin operation, provide an estimate of the total quantity, in pounds, of styrene-containing materials (resin and gelcoat) expected to be used over a 12-month period. Note: the general permit limits the usage of such material to 76,000 pounds (38 tons) in any consecutive 12 months.

If this is a **re-registration** for a reinforced polyester resin operation, provide the highest 12-month total quantity, in pounds, of styrene-containing materials (resin and gelcoat) used in the last five years. Indicate the 12-month period over which this usage occurred.

JAN. 07 to Dec. 07 39,584 lbs

Description of Facility

Below, or as an attachment to this form, provide a description of the reinforced polyester resin operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used.

JMAT is a hand layup operation.
using MAGNUM INTERNAL mix
low VOC Spray Equipment.
WE ARE ALSO trying some Resin
infusion applications also.

Re: **Permit No. 1030291-003-AG** **Location:** 6564 44th Street North No. 801, Pinellas Park
Expiration Date: 2/26/11

Mr. Murray:

JMJ Fiberglass, Inc.'s Polyester Resin Plastic Products Fabrication general permit became effective on February 26, 2006.

The Florida Department of Environmental Protection does not issue permit documents for facilities operating under general permits. A copy of Part II "Permit Terms and Conditions" of the "POLYESTER RESIN PLASTIC PRODUCTS FABRICATION NOTIFICATION FORM" should be kept on-site for reference of the requirements for operation under a general permit. If JMJ Fiberglass, Inc. does not have a copy, please call our office and one will be sent.

Please ensure that record keeping for polyester resin and gel coat use is maintained on monthly basis. Each month shall have a monthly total for resin and gel coat used. In addition, the most recent consecutive twelve-month total of resin and gel coat use shall be maintained on a monthly basis. Compliance problems are often due to a lack of experience or understanding of the rule or permit requirements on the part of personal assuming the duties in regulatory affairs. Air Quality therefore invites you, or other JMJ Fiberglass, Inc. representatives to schedule a meeting at this office to discuss any compliance questions you might have regarding Permit No. 1030291-003-AG. Air Quality's staff will be prepared to provide a complete review and explanation of the permit conditions, which affect JMJ Fiberglass, Inc.

If upon review of the requirements, you choose to make an appointment, or any questions you may have regarding this matter, please call Jeffrey Morris at (727) 464-4422.

Sincerely,

A handwritten signature in black ink, appearing to read "Gary Robbins".

Gary Robbins, Environmental Program Manager
