Re: Facility No: 1030481-003

Dear Mr. Frazer:

The Department has received the Air General Permit Registration Form for the **Halogenated Solvent Degreasers** facility that you submitted on April 06, 2011.

Pursuant to Florida Statutes section 403.814, authority to operate under general permits commences thirty (30) days after receipt of the registration form unless you have been notified by this office that your facility has not shown entitlement to operate pursuant to the rule provisions.

For your information, authority to operate pursuant to Rule 62-213.300 expires after five (5) years. Therefore, a new registration form must be received no later than five (5) years after the date your notice was received as indicated above. If your general permit rule conditions require testing, such testing must be completed within the time frame specified in the rule.

If you have or expect any administrative changes in your mailing address, location address, responsible official, or telephone number, please notify the Department at the following address:

Air General Permits Office  
Bureau of Air Monitoring and Mobile Sources MS 5510  
Department of Environmental Protection  
2600 Blair Stone Road  
Tallahassee, FL 32399-2400

If there are any changes in the facility status, including change of operation parameters or equipment, or if you have any questions regarding the Air General Permit Program, please contact the district or local air program compliance inspector in your area.

Sincerely,

*Rebecca J. Gbur*  
for Sandra F. Veazey, Chief  
Bureau of Air Monitoring  
and Mobile Sources
