Dear Mr. Dibble,

Per our telephone conversation and at your recommendation, Advance Composites of Clearwater, Incorporated surrenders the referenced general air permit.

Advance Composites of Clearwater, Incorporated has not used since our ltr dtd June 20, 2008, is not and does not plan on using any materials that would require a permit governed by Florida Administrative Code ("F.A.C.") Rule 62-210.310(4)(d) for reinforced polyester resin operations.

If Advance Composites of Clearwater, Incorporated decides to use any materials governed by F.A.C. Rule 62-210.310(4)(D) then we will apply for a new permit.

Sincerely,

Mark Spates
President
