CONCRETE BATCHING PLANT
AIR GENERAL PERMIT REGISTRATION FORM

Bureau of Air Monitoring
& Mobile Sources

Part II. Notification to Permitting Office

(Detach and submit to appropriate permitting office; keep copy onsite)

Instructions: To give notice to the Department of an eligible facility's intent to use this air general permit, the owner or operator of the facility must detach and complete this part of the Air General Permit Registration Form and submit it to the appropriate Department of Environmental Protection or local air pollution control program office which has permitting authority. Please type or print clearly all information, and enclose the appropriate air general permit registration processing fee pursuant to Rule 62-4.050, F.A.C. (\$100 as of the effective date of this form)

1050329-005

Registration Type

Check one:

INITIAL REGISTRATION - Notification of intent to:

- Construct and operate a proposed new facility.
- Operate an existing facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit).

RE-REGISTRATION (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.
- Continue operating the facility after a change of ownership.
- Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only

If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. In such case, check the first box, and indicate the operation permits being surrendered. If no air operation permits are held by the facility, check the second box.

- All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s):
1050329-002-AG
- No air operation permits currently exist for this facility.

General Facility Information

Facility Owner/Company Name (Name of corporation, agency, or individual owner who or which owns, leases, operates, controls, or supervises the facility.)

Tremron Lakeland, LLC

Site Name (Name, if any, of the facility site; e.g., Plant A, Metropolis Plant, etc. If more than one facility is owned, a registration form must be completed for each.)

Facility Location (Provide the physical location of the facility, not necessarily the mailing address.)

Street Address: 1030 Airport Road

City: Lakeland

County: Polk

Zip Code: 33811 - 1005

Facility Start-Up Date (Estimated start-up date of proposed new facility.) (N/A for existing facility)

N/A

Owner/Authorized Representative

Name and Position Title (Person who, by signing this form below, certifies that the facility is eligible to use this air general permit.)

Print Name and Title: John Gallagher, Operations Manager

Owner/Authorized Representative Mailing Address

Organization/Firm: Tremron Lakeland, LLC

Street Address: 1030 Airport Road

City: Lakeland

County: Polk

Zip Code: 33811

Owner/Authorized Representative Telephone Numbers

Telephone: 863-558-0292

Fax: 863-491-8990

Cell phone (optional):

Facility Contact (If different from Owner/Authorized Representative)

Name and Position Title (Plant manager or person to be contacted regarding day-to-day operations at the facility.)

Print Name and Title: Same

Facility Contact Mailing Address

Organization/Firm:

Street Address:

City:

County:

Zip Code:

Facility Contact Telephone Numbers

Fax:

Cell phone (optional):

Owner/Authorized Representative Statement

This statement must be signed and dated by the person named above as owner or authorized representative

I, the undersigned, am the owner or authorized representative of the owner or operator of the facility addressed in this Air General Permit Registration Form. I hereby certify, based on information and belief formed after reasonable inquiry, that the facility addressed in this registration form is eligible for use of this air general permit and that the statements made in this registration form are true, accurate and complete. Further, I agree to operate and maintain the facility described in this registration form so as to comply with all applicable standards for control of air pollutant emissions found in the statutes of the State of Florida and rules of the Department of Environmental Protection and revisions thereof.

I will promptly notify the Department of any changes to the information contained in this registration form.

Type of Facility

Check one:

Stationary Facility

Relocatable Facility

Type(s) of Reasonable Precautions Used to Prevent Unconfined Emissions

Check all precautions to be used for the management of roads, parking areas, stock piles and yards:

Pave Roads

Pave Parking Areas

Pave Yards

Maintain Roads/Parking/Yards

Use Water Application

Use Dust Suppressant

Remove Particulate Matter

Reduce Stock Pile Height

Install Wind Breaks

Check all precautions to be used for the management of drop points to trucks:

Spray Bar

Chute

Enclosure

Partial enclosure

Description of Reasonable Precautions

Below, or as an attachment to this form, provide details of all types of reasonable precautions to be used to prevent unconfined emissions at the facility.

Tremron Lakeland, LLC takes reasonable precautions to control unconfined emissions from hoppers, storage and conveyor equipment, conveyor drop points, truck loading and unloading, roads, parking areas, stock piles, and yards as required by rule 62-296.340(4)©. F.A.C.

The following are the precautions taken at the facility.

Regular sweeping and/or application of water to the yard is utilized to control airbourne emissions.

Regular removal of particulate matter from roads, paved areas, and work areas serves to reduce airbourne particulate matter.

The height of stock pile storage is reduced to mitigate wind entrainment of particulate matter from the aggregates.

Description of Facility

Below, or as an attachment to this form, provide a description of the concrete batching plant operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used.

Subject: RE: Tremron Lakeland LLC Concrete Batching Plant Air General Permit Registration Form

Jason,

I apologize for not advising you on how to respond. I like to try and make it as easy as possible in order to keep the process moving and on track.

Fill in page ten, scan it and send it to me electronically and I will attach it as an addendum to the submitted form.

Sidebar: I am not sure where you picked up the address and name when submitting the original form and fee, but in the future, when submitting the Air General Permit Registration Form & fee, submit it to one of the following addresses, depending upon the venue:

If sent via USPS (US mail) the address is:

**Attn: Dick Dibble
FDEP-RECEIPTS
POST OFFICE BOX 3070
TALLAHASSEE, FLORIDA 32315-3070**

If sent overnight delivery (UPS, FedEx, DHL, etc):

**Attn: Dick Dibble
FDEP-RECEIPTS
3800 COMMONWEALTH BOULEVARD, MS-77
TALLAHASSEE, FLORIDA 32399**

Thank you and have a great day.

Regards,

Dickson E. Dibble

Thank you Dickson. I have forwarded to my client and their consultant in order to get the information requested. Can we simply resubmit page 10 and an additional attachment pages necessary or do we need to resubmit the entire application? I will certainly be in touch if there are any questions or confusion on our end regarding the information requested.

Subject: Tremron Lakeland LLC Concrete Batching Plant Air General Permit Registration Form

Dear Mr. Williams,

I am in receipt of the subject item form (see attached .pdf file) and the appropriate processing fee which you prepared on behalf of Tremron Lakeland LLC..

A short time ago, I left a voicemail message for you regarding Page 10 of the form and the fact that the information requested on that page was not provided. At this point the submission is regarded as incomplete and until the requested information is received, I am unable to proceed with my review.

On page 10 the form/rule requests the following:

Description of Facility

Below, or as an attachment to this form, provide a description of the concrete batching plant operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used.

To provide you with a little more insight as to the type of information that is requested/required, please see below.

- 1) **DESCRIBE THE PROCESSES** (What does the facility do and how does it do it? Is it a Ready-Mix plant? Wet mix or dry mix? Does it manufacture concrete pipe, pre-stressed concrete products, concrete blocks/brick, ornamental concrete products, etc?)
- 2) **PROCESS EQUIPMENT**
 - a. Identification of Silos
 1. Manufacturer
 2. Model #
 3. S/N if available
 4. Identify each silo (Cement, flyash, or slag, etc., or by capacity expressed in Bbls, Tons or Cu.Yds., etc., or by #1, #2, #3, etc., or by N, S, E, W. etc.,).
 5. Type (vertical or horizontal, single, or split w/1, 2, or 3 compartments & identify compartments as in #1 above).
 - b. List any weigh batchers, mixers, truck loadouts
- 3) **EMISSION CONTROL EQUIPMENT**
 - a. Identify Emission Control Units associated with any of the above Process Equipment, such as baghouses, dust collectors, vent filters, spray bars/spray rings.
 1. Manufacturer
 2. Model #
 3. S/N if available
 4. Identify (Silotop, ground mounted, in-truss, etc.)
 5. Filter Type (bag, cartridge, etc.) and number of filters
 6. Filter area expressed in sq.ft.

If you should have any questions, comments, or concerns please e-mail or call and I will be happy to assist you.

Thank you and have a great day!

Sincerely yours,

Dickson E. Dibble

Description of Facility

Below, or as an attachment to this form, provide a description of the concrete batching plant operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used.

This facility consists of a concrete paver production plant utilizing concrete and aggregate materials to produce concrete pavers. Dust emissions are controlled by the following methods:

Emissions generated during the pneumatic filling of the silos are controlled by the use of C & W Model CP-230 Baghouses.

Emissions generated during the weighing of materials are controlled by a C & W Model CP-35 baghouse.

Emissions generated during the mixing process are controlled by a WAM Model FC0303PE dust collector.

Locations:

- Point ID # 01 - East Cement Silo Western Baghouse
- Point ID # 02 - East Cement Silo Eastern Baghouse
- Point ID # 03 - West Cement Silo Baghouse
- Point ID # 04 - Mixer Dust Collector
- Point IN # 05 - Weight Scale Baghouse

FOLD on this line and place in shipping pouch with bar code and delivery address visible

1. Fold the first printed page in half and use as the shipping label.
2. Place the label in a waybill pouch and affix it to your shipment so that the barcode portion of the label can be read and scanned.
3. Keep the second page as a receipt for your records. The receipt contains the terms and conditions of shipping and information useful for tracking your package.
