Good morning, Dick. Please see the comments below. The given AR, Larry Ray, has not been with the company for some time according to Ms. Anez. I called the number we had on record for Mr. Ray and Ms. Anez answered. I went by the plant for an unannounced site inspection yesterday and found the facility locked up and vacated. Is this sufficient to inactivate the GP?

Thanks,

Lollie,

Based on our telephone call a few minutes ago, and my inspection on 1/24/11 of the facility at 1230 N Scenic Hwy, Lake Wales, this facility is permanently closed. If you wish to surrender your active Air General Permit, please provide an email response with the request. Otherwise, the current active permit is set to expire 5/15/2013. Please let me know if you have any questions.
