Secretary

May 16, 2008

Mr. Don Williams
Findlay Industries, Incorporated
Lake Wales Division
1230 North Scenic Highway
Lake Wales, Florida 33853

Dear Mr. Williams:

This is to acknowledge that your notification of intent to use the authority of Rule 62-210.310 to operate your facility was received on April 14, 2008. We have assigned ARMS No. 1050416-001 to this facility.

As you know, pursuant to Florida Statutes section 403.814, authority to operate under general permits commences thirty days after receipt of the registration form unless you have been notified by this office that your facility has not shown entitlement to operate pursuant to the rule provisions.

For your information, authority to operate pursuant to Rule 62-210.310 expires after 5 years. Therefore, a new registration form must be received no later than 5 years after the date your notice was received as indicated above. If your general permit rule conditions require testing, such testing must be completed within the time frame specified in the rule.

If you have any additional questions, please contact Dickson Dibble at 850/921-9586.

Sincerely,

Sandra F. Veazey, Chief
Bureau of Air Monitoring
and Mobile Sources

SFV/pg

cc: Ms. Danielle Henry, Southwest District

**SURFACE COATING OPERATIONS
AIR GENERAL PERMIT REGISTRATION FORM**

Part II. Notification to Permitting Office

(Detach and submit to appropriate permitting office; keep copy onsite)

Instructions: To give notice to the Department of an eligible facility's intent to use this air general permit, the owner or operator of the facility must detach and complete this part of the Air General Permit Registration Form and submit it to the appropriate Department of Environmental Protection or local air pollution control program office which has permitting authority. Please type or print clearly all information, and enclose the appropriate air general permit registration processing fee pursuant to Rule 62-4.050, F.A.C. (\$100 as of the effective date of this form)

1050416-001

Registration Type

Check one:

INITIAL REGISTRATION - Notification of intent to:

- Construct and operate a proposed new facility.
- Operate an existing facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit).

RE-REGISTRATION (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.
- Continue operating the facility after a change of ownership.
- Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only

If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. In such case, check the first box, and indicate the operation permits being surrendered. If no air operation permits are held by the facility, check the second box.

- All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s): _____
- No air operation permits currently exist for this facility.

General Facility Information

Facility Owner/Company Name (Name of corporation, agency, or individual owner who or which owns, leases, operates, controls, or supervises the facility.)

Findlay Industries, Inc.

Site Name (Name, if any, of the facility site; e.g., Plant A, Metropolis Plant, etc. If more than one facility is owned, a registration form must be completed for each.)

Findlay Industries, Inc. - Lake Wales Division

Facility Location (Provide the physical location of the facility, not necessarily the mailing address.)

Street Address: 1230 North Scenic Highway

City: Lake Wales

County: Polk

Zip Code: 33853

Facility Start-Up Date (Estimated start-up date of proposed **new** facility.)(N/A for existing facility)
N/A

Owner/Authorized Representative

Name and Position Title (Person who, by signing this form below, certifies that the facility is eligible to use this air general permit.)

Print Name and Title: Larry Ray Vice-President of Operation

Owner/Authorized Representative Mailing Address

Organization/Firm: Findlay Industries, Inc.

Street Address: 4000 Fostoria Road

City: Findlay

County: Ohio

Zip Code: 45840

Owner/Authorized Representative Telephone Numbers

Telephone: 419.422.1302

Fax: 419.422.0385

Cell phone (optional):

Facility Contact (If different from Owner/Authorized Representative)

Name and Position Title (Plant manager or person to be contacted regarding day-to-day operations at the facility.)

Print Name and Title: Don Williams Plant Manager

Facility Contact Mailing Address

Organization/Firm: Findlay Industries - Lake Wales Division

Street Address: 1230 North Scenic Highway

Owner/Authorized Representative Statement

This statement must be signed and dated by the person named above as owner or authorized representative

I, the undersigned, am the owner or authorized representative of the owner or operator of the facility addressed in this Air General Permit Registration Form. I hereby certify, based on information and belief formed after reasonable inquiry, that the facility addressed in this registration form is eligible for use of this air general permit and that the statements made in this registration form are true, accurate and complete. Further, I agree to operate and maintain the facility described in this registration form so as to comply with all applicable standards for control of air pollutant emissions found in the statutes of the State of Florida and rules of the Department of Environmental Protection and revisions thereof.

I will promptly notify the Department of any changes to the information contained in this registration form.

Date 4/4/08

Material Usage Rates

If this is an **initial registration** for a surface coating operation, provide an estimate of the average quantity of volatile organic compounds in all coatings (solvents and thinners) expected to be used on a daily basis.

34.78 Pounds/Day

If this is a **re-registration** for an existing surface coating operation, provide the highest monthly average of the daily quantity of volatile organic compounds in all coatings (solvents and thinners) used in the last five years. Indicate the month and year during which this usage occurred.

N/A

Description of Facility

Below, or as an attachment to this form, provide a description of the surface coating operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used.

SEE ATTACHMENTS:

A.1 FACILITY DESCRIPTION

A.2 FACILITY WIDE SURFACE COATING SUMMARY

Four surface coating operations are currently operating with this the Lake Wales facility, utilized to apply paint or adhesives to automotive interior components. Emission units were installed and operated under the facility wide Categorical Exemption in Rule 62-210.300(3)(a)(27) for surface coating operations within a single facility. Provisions allowed exemption for a facility with usages of VOC containing coatings not exceeding 6.0 gallons per day, averaged monthly. The facility operates a single 8 hour shift 5 days per week.

The Lake Wales Division plans to accept additional production contracts, which requires a increase in coating consumption; potentially above the 6.0 gallon threshold. The general permit limitation will provide the additional coating allowance to remain in compliance. Operating schedule will remain the same and the additional surface coating will occur in the Spray Booth(Source #4).

All four surface coating operations employ paint or adhesives using hand held HPLV spray guns pneumatically drawn from < 5 gallon mix pots. One of these is an enclosed ventilated spray booth; three are open non-ventilated spray areas.

Facility will record coating usage data; including coating type and Identification, coating density, VOC content. Recordkeeping will be accumulated and report will present coatings/solvent usage on a monthly basis(average). All recordkeeping/reporting will be maintain in a manner sufficient to demonstrate compliance with the general provisions of 62-210.310 and specific surface coating requirements of 62-210.310(4)(c).

Dry particulate filtration, for the spray booth, is the only control used. No other air pollution control equipment will be used.

Emission Sources Covered by General Permit Request:

1. Cutting Spray Table - Single Spray Gun(Adhesive Application)
2. Door Panel Table #1 - Single Spray Gun(Adhesive Application)
3. Door Panel Table #2 - Single Spray Gun(Adhesive Application)
4. Spray Booth - Two Spray Guns(Paint & Adhesive Application)

Please find attached coating application summary/estimate(A.2).

To Whom It May Concern:

Please find the enclosed initial registration application for the Lake Wales Division, requesting Air General Permit covered under Florida Administrative Code Rule 62-210.310(4)(c) for surface coating operations. Additional facility description and regulatory applicability is further discussed within attachments documents.

Application is accompanied by appropriate application processing fee. If you have any concerns or require additional information please do not hesitate to contact this my office at the 419.427.3476.

Sincerely;
Findlay Industries, Inc.
