Yi,

This is a follow-up to our conversation this morning regarding my mistake originally registering the subject-item Non-metallic Mineral Processing Plant facility as a Stationary facility in 2007 when it should have been registered as a **Relocatable**.

Would you be so kind to request that this facility ID be changed (777) to reflect that it is a relocatable unit.

Thank you for our assistance and if you have any questions, comments or concerns please e-mail or call.

Thank you and have a great day!

Dick
