March 19, 2008

Mr. Scott Cleveland
Anderson Columbia Company, Incorporated
780 Business Park Road
(Midway Industrial Park)
Midway, Florida 32343

Dear Mr. Cleveland:

This is to acknowledge that your notification of intent to use the authority of Rule 62-210.310 to operate your facility was received on February 13, 2008. We have assigned ARMS No. 7775029-009 to this facility.

As you know, pursuant to Florida Statutes section 403.814, authority to operate under general permits commences thirty days after receipt of the registration form unless you have been notified by this office that your facility has not shown entitlement to operate pursuant to the rule provisions.

For your information, authority to operate pursuant to Rule 62-210.310 expires after 5 years. Therefore, a new registration form must be received no later than 5 years after the date your notice was received as indicated above. If your general permit rule conditions require testing, such testing must be completed within the time frame specified in the rule.

If you have any additional questions, please contact Dickson Dibble at 850/921-9586.

Sincerely,

Sandra F. Veazey, Chief
Bureau of Air Monitoring
and Mobile Sources

SFV/pg

cc: Mr. Armando Sarasua, Northwest District

RECEIVED

Part II. Notification to Permitting Office

(Detach and submit to appropriate permitting office; keep copy onsite)

Instructions: To give notice to the Department of an eligible facility's intent to use this air general permit, the owner or operator of the facility must detach and complete this part of the Air General Permit Registration Form and submit it to the appropriate Department of Environmental Protection or local air pollution control program office which has permitting authority. Please type or print clearly all information, and enclose the appropriate air general permit registration processing fee pursuant to Rule 62-4.050, F.A.C. (\$100 as of the effective date of this form)

7775029-009

Registration Type

Check one:

INITIAL REGISTRATION - Notification of intent to:

- Construct and operate a proposed new facility.
- Operate an existing facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit).

RE-REGISTRATION (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.
- Continue operating the facility after a change of ownership.
- Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only

If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. In such case, check the first box, and indicate the operation permits being surrendered. If no air operation permits are held by the facility, check the second box.

- All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s):
7775029-~~AG~~
- No air operation permits currently exist for this facility.

General Facility Information

Facility Owner/Company Name (Name of corporation, agency, or individual owner who or which owns, leases, operates, controls, or supervises the facility.)

Anderson Columbia Co., Inc.

Site Name (Name, if any, of the facility site; e.g., Plant A, Metropolis Plant, etc. If more than one facility is owned, a registration form must be completed for each.)

State-Wide Crusher

Facility Location (Provide the physical location of the facility, not necessarily the mailing address.)

Street Address: 780 Business Park Road (Midway Industrial Park)

City: Midway

County: Gadsden

Zip Code: 32343

Facility Start-Up Date (Estimated start-up date of proposed new facility.)(N/A for existing facility)

N/A

Owner/Authorized Representative

Name and Position Title (Person who, by signing this form below, certifies that the facility is eligible to use this air general permit.)

Owner/Authorized Representative Statement

This statement must be signed and dated by the person named above as owner or authorized representative

I, the undersigned, am the owner or authorized representative of the owner or operator of the facility addressed in this Air General Permit Registration Form. I hereby certify, based on information and belief formed after reasonable inquiry, that the facility addressed in this registration form is eligible for use of this air general permit and that the statements made in this registration form are true, accurate and complete. Further, I agree to operate and maintain the facility described in this registration form so as to comply with all applicable standards for control of air pollutant emissions found in the statutes of the State of Florida and rules of the Department of Environmental Protection and revisions thereof.

I will promptly notify the Department of any changes to the information contained in this registration form.

Stationary Facility

Relocatable Facility

Type(s) of Precautions Used to Prevent Unconfined Emissions

Check all that apply for the management of roads, parking areas, stock piles and yards:

Maintain Roads/Parking/Yards

Use Water Application

Use Dust Suppressant

Remove Particulate Matter

Reduce Stock Pile Height

Install Wind Breaks

Check the location of spray bars at the nonmetallic mineral processing plant:

Feeders

Entrance to "Crusher"

Exit of "Crusher"

Classifier Screens

Conveyor Drop Points

Description of Reasonable Precautions

Below, or as an attachment to this form, provide details of all types of reasonable precautions to be used to prevent unconfined emissions at the facility.

The following procedures will be used to control fugitive emissions from the crusher, truck traffic, and from material handling.

- All areas will be monitored and water applied as a dust suppressant on an as-needed basis.
- Interior truck traffic shall be minimized..
- Dust from aggregate handling will be minimized by proper staging of aggregate piles and use of water.
- The plant will be checked daily for signs of any leaks, and repairs will be made immediately.

Description of Facility

Below, or as an attachment to this form, provide a description of the nonmetallic mineral processing operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used.

This portable crushing plant consists of a CEC Primary Crusher, a CEC Screen Deck and a CEC Radial Stacker. The unit is powered by a Detroit Diesel Engine. This unit is primarily used to crusher broken concrete and recycled asphalt products (RAP) that are generated from the road construction business. This material is usually hauled to a storage yard or back to one of our asphalt plants. When enough material has been stocked piled, the crusher is relocated to the facility to process the material. Once finished, the crusher is moved to another site.

When required, ACCI will modify the permits (i.e. AO permits) of those facilities that will use a portable crusher.

Emissions are usually generated at the primary crusher, however stockpiles, interior roads and material handling processes can generate some air emissions. ACCI controls these emissions by apply a water mist at these points. Fugitive emissions from truck traffic can be eliminated by the use of a water truck and by controlling any unnecessary truck traffic through the area.

Affected Facilities Description

Affected Facility	Manufacturer	Date of Manufacture	Model Number	Identifier & Serial Number	Size (TPH, hp, kW, etc.)		Subject to 40 CFR Part 60, Subpart OOO

RECEIVED

Attn: Mr. Dick Dibble

**RE: Re-Submission of Air General Permit Renewal Applications for
Anderson Columbia Co., Inc. (ACCI) Crushers (7775029) and (7775042) and
an Application for New Crushing Facility.**

Dear Mr. Dibble:

As per your request, please find enclosed one (1) copy of the Air General Permit renewal applications for the above referenced facilities. The prior submission inadvertently used the old form for the application. This submission has incorporated the new updated form. The fees for these applications have already been submitted and processed.

Please call me at (386) 752-7585 ext. 243 if you have any questions about this matter.

Sincerely,

ANDERSON COLUMBIA CO., INC.

Scott R. Cleveland, P.G.
