

**CONCRETE BATCHING PLANT  
AIR GENERAL PERMIT REGISTRATION FORM**

**RECEIVED**

**Part II. Notification to Permitting Office**

APR 20 2011

(Detach and submit to appropriate permitting office; keep copy on site)

**Bureau of Air Monitoring  
& Mobile Sources**

**Instructions:** To give notice to the Department of an eligible facility's intent to use this air general permit, the owner or operator of the facility must detach and complete this part of the Air General Permit Registration Form and submit it to the appropriate Department of Environmental Protection or local air pollution control program office which has permitting authority. Please type or print clearly all information, and enclose the appropriate air general permit registration processing fee pursuant to Rule 62-4.050, F.A.C. (\$100 as of the effective date of this form)

**7775043-006**

**Registration Type**

Check one:

**INITIAL REGISTRATION** - Notification of intent to:

- Construct and operate a proposed new facility.
- Operate an existing facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit).

**RE-REGISTRATION** (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.
- Continue operating the facility after a change of ownership.
- Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

**Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only**

If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. In such case, check the first box, and indicate the operation permits being surrendered. If no air operation permits are held by the facility, check the second box.

- All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s): \_\_\_\_\_
- No air operation permits currently exist for this facility.

**General Facility Information**

Facility Owner/Company Name (Name of corporation, agency, or individual owner who or which owns, leases, operates, controls, or supervises the facility.)

Reynolds Ready Mix LLC dba Pensacola Ready Mix USA

Site Name (Name, if any, of the facility site; e.g., Plant A, Metropolis Plant, etc. If more than one facility is owned, a registration form must be completed for each.)

Milton Plant

Facility Location (Provide the physical location of the facility, not necessarily the mailing address.)

Street Address: 6268 DaLisa Road

City: Milton

County: Santa Rosa

Zip Code: 32571 -7638

Facility Start-Up Date (Estimated start-up date of proposed new facility.)(N/A for existing facility)

**Owner/Authorized Representative**

Name and Position Title (Person who, by signing this form below, certifies that the facility is eligible to use this air general permit.)

Print Name and Title: Noah McBride, Operations Manager

Owner/Authorized Representative Mailing Address

Organization/Firm: Pensacola Ready Mix USA

Street Address: P. O. Box 7142

City: Pensacola

County: Escambia

Zip Code: 32534

Owner/Authorized Representative Telephone Numbers

Telephone: 850 477-2899

Fax: 850 479-9257

Cell phone (optional):

**Facility Contact (If different from Owner/Authorized Representative)**

Name and Position Title (Plant manager or person to be contacted regarding day-to-day operations at the facility.)

Print Name and Title:

Facility Contact Mailing Address

Organization/Firm:

Street Address:

City:

County:

Zip Code:

Facility Contact Telephone Numbers

Telephone:

Fax:

Cell phone (optional):

**Owner/Authorized Representative Statement**

This statement must be signed and dated by the person named above as owner or authorized representative

*I, the undersigned, am the owner or authorized representative of the owner or operator of the facility addressed in this Air General Permit Registration Form. I hereby certify, based on information and belief formed after reasonable inquiry, that the facility addressed in this registration form is eligible for use of this air general permit and that the statements made in this registration form are true, accurate and complete. Further, I agree to operate and maintain the facility described in this registration form so as to comply with all applicable standards for control of air pollutant emissions found in the statutes of the State of Florida and rules of the Department of Environmental Protection and revisions thereof.*

*I will promptly notify the Department of any changes to the information contained in this registration form.*

Noah McBride

Date

**Type of Facility**

Check one:

Stationary Facility

Relocatable Facility

*IS A PORTABLE UNIT, BUT STATIONARY*

**Type(s) of Reasonable Precautions Used to Prevent Unconfined Emissions**

Check all precautions to be used for the management of roads, parking areas, stock piles and yards:

Pave Roads

Pave Parking Areas

Pave Yards

Maintain Roads/Parking/Yards

Use Water Application

Use Dust Suppressant

Remove Particulate Matter

Reduce Stock Pile Height

Install Wind Breaks

Check all precautions to be used for the management of drop points to trucks:

Spray Bar

Chute

Enclosure

Partial enclosure

**Description of Reasonable Precautions**

Below, or as an attachment to this form, provide details of all types of reasonable precautions to be used to prevent unconfined emissions at the facility.

Water sprays are used on aggregate piles to reduce emissions.

Spray bar is used while loading trucks.

Plant is equipped with gum rubber boot to reduce dust emissions while loading trucks.

Loading areas are paved. Parking areas for trucks are crushed concrete base material.

Aggregate is stored in 3-sided concrete wind breaks, 10-12 feet high

Aggregate piles within these wind breaks are kept below the height of the walls.

Yards, drives and affected areas are swept and or watered to help keep fugitive emissions at a minimum.

### **Description of Facility**

Below, or as an attachment to this form, provide a description of the concrete batching plant operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used.

This is an existing concrete batch plant using cement/ash, aggregate consisting of rock and sand and water as raw materials.

Plant is requesting unlimited operating hours.

Expected amounts of materials to be used yearly are:

Cement - 12,000 TPY, fsh - 2,000 TPY, stone - 60,000 TPY and sand - 50,000 TPY.

This concrete batch plant consists of the following:

1 vertical cement silo, 120 ton capacity with baghouse, manufactured by Besser, model DCS 1740

1 vertical ash silo, 80 ton capacity with baghouse, manufactured by WAM, model FC3J20 dust collector.

1 laydown silo, 50 ton capacity with 2 baghouses manufactured by Besser, model DCS 1740

Cement batcher has a separate dust collector which vents back into the batcher.

Cement/ash is brought to plant via truck tankers and pneumatically pumped into silos.

Aggregate is brought in via trucks and stored on site in 3-sided concrete wind breaks, from there it is loaded into aggregate bins using front-end loader(s) when needed.

— NEED FORM FOR  
PENSACOLA PLANT —  
— HAVE 2 COPIES OF  
MILTON PLANT  
INSTEAD

RE: **Milton Plant**  
**DEP Air General Renewal Application**

Dear Noah,

Enclosed is one copy of Part I. Procedures and Conditions for Use of Air General Permit. These terms and conditions should be kept in the office of the Pensacola plant and make sure that plant personnel are familiar with the terms listed in the application.

Also enclosed are two copies of the actual application, pages 7-10. Please look over the information contained in these pages and if correct, sign and date the bottom of page 8 of each copy of the application and return them to us along with a check payable to DEP for \$100.00.

After we receive the executed application and check, we will forward them on to DEP and send you a copy of the application for your files..

Sincerely,

  
K. C. Sviglin
