NONMETALLIC MINERAL PROCESSING PLANTS (CRUSHERS)
AIR GENERAL PERMIT REGISTRATION FORM

FEB 19 2010

Bureau of Air Monitoring
& Mobile Sources

Part II. Notification to Permitting Office
(Detach and submit to appropriate permitting office; keep copy onsite)

Instructions: To give notice to the Department of an eligible facility's intent to use this air general permit, the owner or operator of the facility must detach and complete this part of the Air General Permit Registration Form and submit it to the appropriate Department of Environmental Protection or local air pollution control program office which has permitting authority. Please type or print clearly all information, and enclose the appropriate air general permit registration processing fee pursuant to Rule 62-4.050, F.A.C. (\$100 as of the effective date of this form)

7775279-002

Registration Type

Check one:

INITIAL REGISTRATION - Notification of intent to:

- Construct and operate a proposed new facility.
- Operate an existing facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit).

RE-REGISTRATION (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.
- Continue operating the facility after a change of ownership.
- Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only

If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. In such case, check the first box, and indicate the operation permits being surrendered. If no air operation permits are held by the facility, check the second box.

- All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s):
7775279-001-AG
- No air operation permits currently exist for this facility.

General Facility Information

Facility Owner/Company Name (Name of corporation, agency, or individual owner who or which owns, leases, operates, controls, or supervises the facility.)

Crush-It, Inc.

Site Name (Name, if any, of the facility site; e.g., Plant A, Metropolis Plant, etc. If more than one facility is owned, a registration form must be completed for each.)

Facility Location (Provide the physical location of the facility, not necessarily the mailing address.)

Street Address: 6000 E. Hanna

City: Tampa

County: Hillsborough

Zip Code: 33610-0000

Facility Start-Up Date (Estimated start-up date of proposed new facility.) (N/A for existing facility)

Owner/Authorized Representative

Name and Position Title (Person who, by signing this form below, certifies that the facility is eligible to use this air general permit.)

Print Name and Title: **William D. Richardson, President**

Owner/Authorized Representative Mailing Address

Organization/Firm: **Crush-It, Inc.**
Street Address: **PO Box 18539**
City: **Sarasota** County: **Sarasota** Zip Code: **34276-1539**

Owner/Authorized Representative Telephone Numbers

Telephone: **(941) 918-2400** Fax: **(941) 926-8827**
Cell phone (optional): **(941) 809-6900**

Facility Contact (If different from Owner/Authorized Representative)

Name and Position Title (Plant manager or person to be contacted regarding day-to-day operations at the facility.)

Print Name and Title:

Facility Contact Mailing Address

Organization/Firm:
Street Address:
City: County: Zip Code:

Facility Contact Telephone Numbers

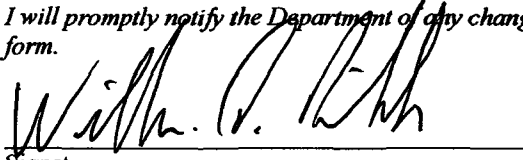

Telephone: Fax:
Cell phone (optional):

Owner/Authorized Representative Statement

This statement must be signed and dated by the person named above as owner or authorized representative

I, the undersigned, am the owner or authorized representative of the owner or operator of the facility addressed in this Air General Permit Registration Form. I hereby certify, based on information and belief formed after reasonable inquiry, that the facility addressed in this registration form is eligible for use of this air general permit and that the statements made in this registration form are true, accurate and complete. Further, I agree to operate and maintain the facility described in this registration form so as to comply with all applicable standards for control of air pollutant emissions found in the statutes of the State of Florida and rules of the Department of Environmental Protection and revisions thereof.

I will promptly notify the Department of any changes to the information contained in this registration form.

Signature

Date

Type of Facility

Check one:

Stationary Facility **Relocatable Facility**

Type(s) of Precautions Used to Prevent Unconfined Emissions

Check all that apply for the management of roads, parking areas, stock piles and yards:

Maintain Roads/Parking/Yards **Use Water Application** **Use Dust Suppressant**
 Remove Particulate Matter **Reduce Stock Pile Height** **Install Wind Breaks**

Check the location of spray bars at the nonmetallic mineral processing plant:

Feeders **Entrance to "Crusher"** **Exit of "Crusher"**
 Classifier Screens **Conveyor Drop Points**

Description of Reasonable Precautions

Below, or as an attachment to this form, provide details of all types of reasonable precautions to be used to prevent unconfined emissions at the facility.

Crush-It, Inc. strives to maintain a high level of dust control at each job site. We keep traffic at a low speed in the yards and keep roadways around crusher and equipment watered to suppress dust. Crush-It requires our customers to have water available at each job site. Also, we have newer highly efficient tier 3 diesel engines. Crush-It also has a low employee turn-over rate which means our employees are highly skilled at their jobs, each very familiar with the crusher and the accompanying equipment.

Description of Facility

Below, or as an attachment to this form, provide a description of the nonmetallic mineral processing operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used.

The daily process with which the crusher and our crews perform is as follows:

1. The excavator loosens and sorts the rubble pile which can consist of either concrete or asphalt.
2. The loader then scoops up the loosed and sorted rubble pile and drops the material into the feed hopper of the crusher.
3. The material is then run thru the crusher and screened.
4. After screening, the material is deposited onto the radial stacked and is stock-piled.

Water is continually running during the crusher process to eliminate dust. We normally have a 4 man crew consisting of a crusher operator, loader operator, excavator operator, and laborer.

RE: DEP Permit # 7775279-001-AG expiration date 05/19/2010

Dear Sir/Madam:

We are submitting an application for renewal of air general permit # 7775279-001-AG. Enclosed please find DEP Form No.62-210.920(2)(e) Nonmetallic Mineral Processing Plant Air General Permit Registration form. Also enclosed please find our most recent visible emission test that was performed on 12/02/09 per our one year test requirements, as well as our ~~\$100.00~~ processing fee.

Please send our renewal permit number to our mailing address as we do not receive mail at the facility location:

Crush-It, Inc.
PO Box 18539
Sarasota, FL 34276

If you need anything further please do not hesitate to contact us at 941-926-8814.

Sincerely,

William D. Richardson
President

Subject: AIRS ID# #7775279 - Nonmetallic Mineral Processing Plant Air General Permit Registration Form renewal
Attachments: 7775279;Crush-ItIncdbaCrush-ItInc-EHannaFacility.pdf

Attn: Mr. William D. Richardson, President
Crush-It Inc.
Sarasota, FL 34267-1539

Dear Mr. Richardson:

Good morning!

I am in receipt of the subject item registration form (see attached pdf file) for renewal of your Air General Permit.

After a cursory review of the form, I noticed on Page 10 of the form (**Description of Facility**) you have provided an adequate description of the processes attributable to the facility for which you are seeking entitlement to operate, but have omitted equipment detail. The form specifically requests the following:

Below, or as an attachment to this form, provide a description of the nonmetallic mineral processing operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used.

In order to consider your registration form as complete and demonstrate eligibility for use of the Air General Permit, I will need the following detailed description of the equipment being entitled:

- 1) Crusher
 - a) Make
 - b) Model #
 - c) Serial #
 - d) Capacity in T/hr

- 2) Crusher Power Unit
 - a) Make
 - b) Model #
 - c) Serial #
 - d) Horsepower
 - e) Fuel type – (You have already indicated on the form that these engines are “newer, highly efficient Tier III diesel **engines**”)

- 3) Screening Operation? (if screening operation is a separate stand-alone unit)
 - a) Make
 - b) Model #
 - c) Serial #
 - d) Capacity in T/hr

- 4) Screening Operation Power Unit? (if screening operation is a separate stand-alone unit)
- a) Make
 - b) Model #
 - c) Serial #
 - d) Horsepower
 - e) Fuel type – (You have already indicated on the form that these engines are “newer, highly efficient Tier III diesel engines”)

You may respond via e-mail and I will simply attach your response as an addendum to the registration form which you have submitted.

Thank you for your attention to this matter.

If you have any questions, comments or concerns please e-mail or call.

Have a great day!

Sincerely yours,

Dickson E. Dibble
