NONMETALLIC MINERAL PROCESSING PLANTS (CRUSHERS) of Air Monitoring  
AIR GENERAL PERMIT REGISTRATION FORM & Mobile Sources

**Part II. Notification to Permitting Office**  
(Detach and submit to appropriate permitting office; keep copy onsite)

**Instructions:** To give notice to the Department of an eligible facility's intent to use this air general permit, the owner or operator of the facility must detach and complete this part of the Air General Permit Registration Form and submit it to the appropriate Department of Environmental Protection or local air pollution control program office which has permitting authority. Please type or print clearly all information, and enclose the appropriate air general permit registration processing fee pursuant to Rule 62-4.050, F.A.C. (\$100 as of the effective date of this form)

7775311-002

**Registration Type**

Check one:

**INITIAL REGISTRATION** - Notification of intent to:

- Construct and operate a proposed new facility.
- Operate an existing facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit).

**RE-REGISTRATION** (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.
- Continue operating the facility after a change of ownership.
- Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

**Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only**

If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. In such case, check the first box, and indicate the operation permits being surrendered. If no air operation permits are held by the facility, check the second box.

- All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s): \_\_\_\_\_
- No air operation permits currently exist for this facility.

This statement must be signed and dated by the person named above as owner or authorized representative

*I, the undersigned, am the owner or authorized representative of the owner or operator of the facility addressed in this Air General Permit Registration Form. I hereby certify, based on information and belief formed after reasonable inquiry, that the facility addressed in this registration form is eligible for use of this air general permit and that the statements made in this registration form are true, accurate and complete. Further, I agree to operate and maintain the facility described in this registration form so as to comply with all applicable standards for control of air pollutant emissions found in the statutes of the State of Florida and rules of the Department of Environmental Protection and revisions thereof.*

*I will promptly notify the Department of any changes to the information contained in this registration form.*

Signature  Date 11/15/10

**Type of Facility**

Check one:

Stationary Facility

Relocatable Facility

**Type(s) of Precautions Used to Prevent Unconfined Emissions**

Check all that apply for the management of roads, parking areas, stock piles and yards:

Maintain Roads/Parking/Yards

Use Water Application

Use Dust Suppressant

Remove Particulate Matter

Reduce Stock Pile Height

Install Wind Breaks

Check the location of spray bars at the nonmetallic mineral processing plant:

Feeders

Entrance to "Crusher"

Exit of "Crusher"

Classifier Screens

Conveyor Drop Points

**Description of Reasonable Precautions**

Below, or as an attachment to this form, provide details of all types of reasonable precautions to be used to prevent unconfined emissions at the facility.

Leave a reasonable amount of moisture in material to prevent any unconfined emissions to be released. The secondary precaution is if material drops below optimum moisture then water is provided.

### Description of Facility

Below, or as an attachment to this form, provide a description of the nonmetallic mineral processing operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used.

The machine is a Bohringer 52 x 40 portable impact crusher, serial # BEM008009. This crusher is transported throughout the facility where crushing is permitted. The crusher is used to crush limestone to 3 1/2 minus inches for FDOT Certified Base rock. This is the only processing equipment at this facility.

After further research your database should be updated to serial # for crusher is 10-03-1221  
The serial # for the engine is the BEM00809 We are sorry for the confusion.

Good morning Debby and Troy!

Thank you for your response to my request for clarifying information necessary to complete the renewal process for your crusher operation, however as the result of your last e-mail there is one additional clarification needed.

Your most recent e-mail indicates the identical Serial Number for **both** the Bohringer crusher and the 600 hp Caterpillar diesel engine as BEM00809. Please provide the correct Caterpillar serial number for the diesel engine.

I will need the information in order to complete the renewal process. If I don't have the correct information by close of business today, I will be forced to deny your entitlement and I really don't want to have to do that.

Thank you for your attention to this very important matter.

Have a great day!

Sincerely yours,

*Dick*

Janeece, et. al.,

As I continue my review, there are a couple of other minor clarifications needed.

- 1) Our database indicates a serial # of **BEM00809**. The form indicates # **BEM008009**. I need to know which is correct. The red is the correct number
- 2) I need the **crusher model number** and **year manufactured**. Neither were indicated on the form. **Bohringer**  
Champ 120 year 2002
- 3) What is the **crusher's power source**? If a reciprocating internal combustion engine (RICE) I need to know the following:
  - a. **Engine Make Caterpillar**
  - b. **Model C 15**
  - c. **Serial # BEM00809**
  - d. **Hp 600**
  - e. **Fuel type Diesel**

Thank you for your assistance.

If you have any questions, comments or concerns please e-mail or call.

Thank you and have a great day, and a Happy Thanksgiving Day holiday!

Sincerely yours

*Dickson E. Dibble*
