CONCRETE BATCHING PLANT
AIR GENERAL PERMIT REGISTRATION FORM

Part II. Notification to Permitting Office

(Detach and submit to appropriate permitting office; keep copy onsite)

Instructions: To give notice to the Department of an eligible facility's intent to use this air general permit, the owner or operator of the facility must detach and complete this part of the Air General Permit Registration Form and submit it to the appropriate Department of Environmental Protection or local air pollution control program office which has permitting authority. Please type or print clearly all information, and enclose the appropriate air general permit registration processing fee pursuant to Rule 62-4.050, F.A.C. (\$100 as of the effective date of this form)

7775320-002

Registration Type

Check one:

INITIAL REGISTRATION - Notification of intent to:

- Construct and operate a proposed new facility.
- Operate an existing facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit).

RE-REGISTRATION (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.
- Continue operating the facility after a change of ownership.
- Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only

If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. In such case, check the first box, and indicate the operation permits being surrendered. If no air operation permits are held by the facility, check the second box.

- All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s):
7775320
- No air operation permits currently exist for this facility.

General Facility Information

Facility Owner/Company Name (Name of corporation, agency, or individual owner who or which owns, leases, operates, controls, or supervises the facility.)

KUHLMAN CONCRETE, LLC

Site Name (Name, if any, of the facility site; e.g., Plant A, Metropolis Plant, etc. If more than one facility is owned, a registration form must be completed for each.)

ROCKFILL ROAD PLANT

Facility Location (Provide the physical location of the facility, not necessarily the mailing address.)

Street Address: 2690 ROCKFILL ROAD

City: FORT MYERS

County: LEE

Zip Code: 33916-

4802

Facility Start-Up Date (Estimated start-up date of proposed new facility.) (N/A for existing facility)

Owner/Authorized Representative Statement

This statement must be signed and dated by the person named above as owner or authorized representative

I, the undersigned, am the owner or authorized representative of the owner or operator of the facility addressed in this Air General Permit Registration Form. I hereby certify, based on information and belief formed after reasonable inquiry, that the facility addressed in this registration form is eligible for use of this air general permit and that the statements made in this registration form are true, accurate and complete. Further, I agree to operate and maintain the facility described in this registration form so as to comply with all applicable standards for control of air pollutant emissions found in the statutes of the State of Florida and rules of the Department of Environmental Protection and revisions thereof.

I will promptly notify the Department of any changes to the information contained in this registration form.

Description of Facility

Below, or as an attachment to this form, provide a description of the concrete batching plant operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used.

THIS APPLICATION IS TO RENEW THE AIR GENERAL PERMIT REGISTRATION TO OPERATE A CONCRETE PRECAST MANUFACTURING FACILITY. THE FACILITY CONSISTS OF AN OFFICE, PARKING AREA, AGGREGATE STORAGE AREAS, AND A PORTABLE BATCH PLANT.

EMISSIONS FROM THE TWO 380BBL SILOS ARE CONTROLLED BY FABRIC FILTERS OPERATING AT APPROXIMATELY 99% EFFICIENCY. LOAD OUT FUGITIVE EMISSIONS ARE CONTROLLED BY AN AUXILIARY DUST COLLECTOR OPERATING AT APPROXIMATELY 95% EFFICIENCY.

* NEED IDENTIFICATION INFO FOR

1) SILOS

2) DUST COLLECTORS

a) SILOS

b) LOAD OUT

* SEE ATTACHED E-MAIL DATED 04/06/11
AS AN ADDENDUM TO THIS FORM.

Mr. Dibble,

I apologize for the slow response but I have finally acquired the data you have requested. Please note in searching for additional information about the plant it appears as though there is a weigh hopper dust collector, based on our records the weigh hopper is ducted to the CDC but I included the information to make the permit as accurate as possible given the information I have available. It may be that the Weigh Hopper Dust Collector is enclosed and not visible to normal site inspection therefore it was assumed to have been controlled by the CDC.

1) South 380 Bbl Silo

- a) Silo Manufacturer: McNeilus Truck & Manufacturing
- b) Silo Model #: EC10
- c) Primary Product Stored: Cement
- d) Dust Collector:
 - 1. Silo Top
 - 2. Manufacturer: McNeilus Truck & Manufacturing
 - 3. Model #: SV170
 - 4. Filter Size 170 square feet

2) North 380 Bbl Silo

- a) Silo Manufacturer: McNeilus Truck & Manufacturing
- b) Silo Model #: EC10
- c) Primary Product Stored: Flyash
- d) Dust Collector:
 - 1. Silo Top
 - 2. Manufacturer: McNeilus Truck & Manufacturing
 - 3. Model #: SV170
 - 4. Filter Size 170 square feet

3) Load Out Central Dust Collector

- 1. Central Dust Collector
- 2. CDC Manufacturer: Dusty Dustless
- 3. CDC Model #: 216
- 4. Filter Size 1492 square feet

4) Weigh Dust Collector

- 1. Weigh Hopper
- 2. CDC Manufacturer: McNeilus Truck & Manufacturing
- 3. CDC Model #: EC10
- 4. Filter Size 8± square feet

Please feel free to call or email if you need any additional information.

Noah,

Please see the attached registration form which you prepared on behalf of Kuhlman Concrete LLC.

Page 10, Description of Facility asks to "...provide a basis for tracking any future equipment or process changes at the facility."

It also asks to "...identify any air pollution control measures or equipment used."

- 5) You have indicated that there are two (2) 380 Bbl silos. For each silo we need to identify by:
 - e) Manufacturer
 - f) Model #
 - g) Identify by N, S, E, W, or #1, #2, or by product such as cement, flyash, slag, etc.

- 6) You have indicated that the silos are controlled by fabric filters. For each emission control device we need to identify by:
 - a) Manufacturer
 - b) Model #
 - c) Type
 1. Silotop, In-truss, central, ground mounted, etc
 2. Cartridge, bag or vent, etc
 - d) Filter size (total sq. ft. of filter area)

- 7) You have indicated that the "*Load out fugitive emissions are controlled by an auxiliary dust collector...*".
 - a) We need to identify the dust collector with similar information as outlined in #2) above.

Thank you for your assistance in providing the information as requested.

If you have any questions, comments or concerns please e-mail or call.

Thank you and have a great day!

Sincerely yours,

Dick
