Re: Sale of crusher

Dear Mr. Dibble:

This letter is to notify you that we have sold one of our crushers. We would like to relinquish the permit for this crusher. The permit number is 7775419-001-AG. The ID number for this crusher is 777 5419. This is the Bohringer crusher. The crusher was sold to PAW Materials in Hudson, FL.

If you need more information, please let me know. Thank you.

Sincerely,

Jay Peavy, President

Dibble, Dickson

Max,

I did receive it on February 25, 2010 and it is one of the Administrative Changes that I had not yet gotten to, but since it has come up I have just changed the status to INACTIVE.

I apologize for the delay.

FACILITY SCREEN

FACILITY SCREEN COMMENTS in their entirety: **02/25/10-INACTIVE** per letter received from OAR Jay Peavy unit has been sold & he is relinquishing the AGP entitlement for this unit.

The screenshot shows the Oracle Enterprise Applications interface for the Facility screen. The title bar reads "Florida Department of Environmental Protection - Enterprise Applications" and "ORACLE". The menu bar includes "Details", "Emission", "Permit", "Compliance", "Pollutant", "related party", "Help", "Return", "Exit", and "Window". The main content area is titled "Air Resource Management System - Facility".

Key fields and values visible in the form include:

Subject: FW: VE test for 7775419

Good morning, Dick. Can you confirm receipt of this attached letter from PV Crushing? The attached bill of sale says the unit changed ownership in January or February, 2010. The facility is still active in ARMS, but according to Mr. Peavy the permit should have been surrendered earlier this year.

Thanks,

Max Grondahl

A letter was written to Mr. Dibble in Tallahassee notifying of the sale. I have attached a bill of sale for the Bohringer to PAW Materials and the letter to Mr. Dibble. Please let me know if this is acceptable.

State records show that this unit still has an active general permit registered for by PV Crushing. Can you confirm that PV Crushing submitted a request to terminate General Permit 7775419-001-AG? Any time a unit changes ownership, a new registration is required to be submitted by the new owner.

Please give me a call if you would like to discuss.

Subject: VE test for 7775419

Dear Mr. Peavy,

It does not appear that Plant A (Bohringer Model # Rc10 Skid Mounted Crusher) has been tested for visible emissions in 2010. With the year coming to a close we are making an effort to contact general permitted facilities that require annual testing to make sure they have not forgotten about testing. Your general permit for this unit requires a VE test no later than 12/31/2010 in order to remain in compliance with the terms of the permit registration. Please let me know if you have any questions or concerns.
