Registration Type

Check one:

INITIAL REGISTRATION - Notification of intent to:

- ☐ Construct and operate a proposed new facility.
☐ Operate an existing facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit).

RE-REGISTRATION (for facilities currently using an air general permit) - Notification of intent to:

- ☐ Continue operating the facility after expiration of the current term of air general permit use.
☒ Continue operating the facility after a change of ownership.
☐ Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only

If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. In such case, check the first box, and indicate the operation permits being surrendered. If no air operation permits are held by the facility, check the second box.

- ☒ All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s):

777 5456

- ☐ No air operation permits currently exist for this facility.

Concrete Recyclers, Corp. hauls off raw concrete materials from state, county and individual projects to produce road base material to be use on other construction projects throughout the Tampa Bay region.

The concrete materials taken in or produced do not contain any contaminated items; materials are produced and properly broken down with the machinery on site. Non-contaminated items such as metal, trash, plastic, etc are properly disposed of at a construction material facility named CCD Landfill in Hillsborough Co and Pasco Lakes Construction Landfill in Pasco Co.

Concrete Recyclers produce the following types of materials:
Road Base (County Specs), Bedding Stone, #57 Stone, Paver Sand

We maintain stockpiles to an estimated height of 10'.

Concrete Recyclers has taken control of irrigation for the dust on ground, stock piles, and all parts of the crushers

Re: Powerscreen of Florida leased to Concrete Recyclers
AIRS ID: 7775456

Dear Mr. Waters:

On June 08, 2009, EPA Method 9, Visible Emission Testing was conducted at Powerscreen of Florida leased to Concrete Recyclers, ID 7775456 located at 6108 West Linebaugh Avenue in, Florida.

The tests were performed in order to comply with the requirements as specified in the Air General Permit Registration Form.

The tests were conducted by Ryan Peterson, a certified Visible Emission Evaluator. A copy of the certification is attached.

The following emission points were tested:

- o Hopper
- o Diesel exhaust pipe
- o Transfer to screen
- o Belt drop
- o Transfer to stacker
- o Final belt drop

To the best of my knowledge, this completes all of the required annual tests. If, for any reason, this is incorrect, please contact me as soon as possible.

Sincerely,

William Arlington

Subject: Check Information

Dick Dibble with the Division of Air called and said while he was out a check was returned to a customer without the documentation in error. They asked the customer to correct the check and send directly to the PO box. If you receive a \$100 check from Concrete Recycler Corp (Tampa) with no documentation, it should be deposited in object 2272 and cash listing sent to Air. It may have the return letter from the Division with it.

Thanks,
