Dear Mr. Calixto:

This is to acknowledge that your notification of intent to use the authority of Rule 62-210.310 to operate your facility which was received on December 24, 2007. We have assigned ARMS No. 7775464-001 to this facility.

As you know, pursuant to Florida Statutes section 403.814, authority to operate under general permits commences thirty days after receipt of the registration form unless you have been notified by this office that your facility has not shown entitlement to operate pursuant to the rule provisions.

For your information, authority to operate pursuant to Rule 62-210.310 expires after 5 years. Therefore, a new registration form must be received no later than 5 years after the date your notice was received as indicated above. If your general permit conditions require testing, such testing must be completed within the time frame specified in the rule.

If you have any additional questions, please contact Dickson Dibble at 850/921-9586.

Sincerely,

Marco,

It was a pleasure to speak with you regarding your application for entitlement to operate your "crusher" facility under the Nonmetallic Mineral Processing Plant (Crusher) Air General Permit Program.

As I mentioned, I have received your application for entitlement to operate your "crusher", but unfortunately it has been incorrectly submitted on a form used for the registration and entitlement of Concrete Batching Plants. Below you will find a .pdf file link which you will be able to "click" on and download the correct subject item form for printing.

[http://www.floridadep.org/Air/forms/nontitlev/dep62\\_210\\_920\(11\).pdf](http://www.floridadep.org/Air/forms/nontitlev/dep62_210_920(11).pdf)

Since you have already submitted the \$100.00 application fee with your first application, there **will not** be a need to submit another fee with your application. Therefore, you may send the completed, signed and dated form directly to me at the following address. Please be sure that the form has been signed by the Owner/Authorized Representative as shown in the top box on Page 8 of the form. Page 8 is actually the second page of the form itself.

 2600 BLAIR STONE ROAD, MS 5510  
 TALLAHASSEE, FLORIDA 32399-2400**

Once I receive/process your application form, a thirty (30) day review period clock will begin. As long as the form is complete, and it contains all of the correct information, and has been signed and dated by the Owner/Authorized Representative, at the conclusion of the review period your facility will be entitled to operate. Your entitlement is valid for a period of five (5) years, at which time you will have to file for a renewal.

If you have any questions, e-mail or call me.

Wishing you a Merry Christmas & a Happy New Year, but more important, Be Safe!

Sincerely,

*Dickson E. Dibble*
