Good afternoon Richard!

Per your request, as outlined in your 09/30/09 e-mail below, I have changed the status of the listed Nonmetallic Mineral Processing Plant facilities to INACTIVE.

For confirmation purposes and your records I have attached a word document containing "FACILITY screen captures" of our ARMS database that reflects each facility and their current INACTIVE status.

Thank you for your assistance in helping us to keep our data as up-to-date and current as possible.

If you have any questions, comments or concerns please e-mail or call.

Have a great weekend!

Sincerely,

*Dick*
