Mr. Jerry Murphy
Lee County Mining and Materials
3501 Burnt Store Road
Cape Coral, Florida 33933

Dear Mr. Murphy:

This is to acknowledge that your notification of intent to use the authority of Rule 62-210.310 to operate your facility was received on December 21, 2007. We have assigned ARMS No. 7775485-001 to this facility.

As you know, pursuant to Florida Statutes section 403.814, authority to operate under general permits commences thirty days after receipt of the registration form unless you have been notified by this office that your facility has not shown entitlement to operate pursuant to the rule provisions.

For your information, authority to operate pursuant to Rule 62-210.310 expires after 5 years. Therefore, a new registration form must be received no later than 5 years after the date your notice was received as indicated above. If your general permit rule conditions require testing, such testing must be completed within the time frame specified in the rule.

If you have any additional questions, please contact Dickson Dibble at 850/921-9586.

Sincerely,

for Sandra F. Veazey, Chief
Bureau of Air Monitoring
and Mobile Sources

 RECEIVED

**NONMETALLIC MINERAL PROCESSING PLANTS (CRUSHERS)
 AIR GENERAL PERMIT REGISTRATION FORM**

Part II. Notification to Permitting Office

(Detach and submit to appropriate permitting office; keep copy onsite)

Instructions: To give notice to the Department of an eligible facility's intent to use this air general permit, the owner or operator of the facility must detach and complete this part of the Air General Permit Registration Form and submit it to the appropriate Department of Environmental Protection or local air pollution control program office which has permitting authority. Please type or print clearly all information, and enclose the appropriate air general permit registration processing fee pursuant to Rule 62-4.050(4)(o), F.A.C. (\$100 as of the effective date of this form)

7775485-001

Registration Type

Check one:

INITIAL REGISTRATION - Notification of intent to:

- Construct and operate a proposed new facility.
- Operate an existing facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit).

RE-REGISTRATION (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.
- Continue operating the facility after a change of ownership.
- Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only

If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. In such case, check the first box, and indicate the operation permits being surrendered. If no air operation permits are held by the facility, check the second box.

- All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s):
 0150073
- No air operation permits currently exist for this facility.

General Facility Information

Facility Owner/Company Name (Name of corporation, agency, or individual owner who or which owns, leases, operates, controls, or supervises the facility.)

Lee County Mining and Materials.

Site Name (Name, if any, of the facility site; e.g., Plant A, Metropolis Plant, etc. If more than one facility is owned, a registration form must be completed for each.)

Facility Location (Provide the physical location of the facility, not necessarily the mailing address.)

Street Address: 3501 Burnt Store Road
 City: Cape Coral County: Lee Zip Code: 33933

Facility Start-Up Date (Estimated start-up date of proposed new facility.) (N/A for existing facility)

November 30, 2007

Owner/Authorized Representative

Name and Position Title (Person who, by signing this form below, certifies that the facility is eligible to use this air general permit.)

Print Name and Title: Howard Devane, General Manager

Owner/Authorized Representative Mailing Address

Organization/Firm: Charlotte County Mining

Street Address: 16070 S. Tamiami Trail

City: Punta Gorda

County: Charlotte

Owner/Authorized Representative Statement

This statement must be signed and dated by the person named above as owner or authorized representative

I, the undersigned, am the owner or authorized representative of the owner or operator of the facility addressed in this Air General Permit Registration Form. I hereby certify, based on information and belief formed after reasonable inquiry, that the facility addressed in this registration form is eligible for use of this air general permit and that the statements made in this registration form are true, accurate and complete. Further, I agree to operate and maintain the facility described in this registration form so as to comply with all applicable standards for control of air pollutant emissions found in the statutes of the State of Florida and rules of the Department of Environmental Protection and revisions thereof.

I will promptly notify the Department of any changes to the information contained in this registration form.

Type of Facility

Check one:

Stationary Facility

Relocatable Facility

Type(s) of Precautions Used to Prevent Unconfined Emissions

Check all that apply for the management of roads, parking areas, stock piles and yards:

Maintain Roads/Parking/Yards

Use Water Application

Use Dust Suppressant

Remove Particulate Matter

Reduce Stock Pile Height

Install Wind Breaks

Check the location of spray bars at the nonmetallic mineral processing plant:

Feeders

Entrance to "Crusher"

Exit of "Crusher"

Classifier Screens

Conveyor Drop Points

Description of Reasonable Precautions

Below, or as an attachment to this form, provide details of all types of reasonable precautions to be used to prevent unconfined emissions at the facility.

Water is used as a dust suppressant when necessary.

EU#005 ON 7774823

Description of Facility

Below, or as an attachment to this form, provide a description of the nonmetallic mineral processing operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used.

This is a permit registration for a 2001 VL Pegson Model QM014770, Serial No. QM014770. This machine has a design capacity of 200 TPH and will be used to process limestone deposits, including crushing, sorting and washing materials to product FDOT roadway base material and aggregate. It may also be used to crush recycled concrete materials.

Re: Southwest Aggregates
ID: 1050073 (Pending)

Dear Mr. Dibble;

Enclosed are the following items:

1. A completed Nonmetallic Mineral Processing Plants (Crushers) Air General Permit Registration Form for the above referenced facility.
2. Checks No. 1724 and 1725 in the amount of \$100.00 each payable to Florida Department Environmental Protection.

If you have any questions, or if further information is needed, please feel free to call me at 863/467-0555 or email me at barlington@arlingtonenvironmental.com.

Sincerely,

William D. Arlington

Yi,

I have finally gotten the opportunity to review all of what we did to the referenced facilities and all of the data looks correct and fine.

I also updated the facility comments on each location to reflect the changes and also cross-referenced each facility with the original.

Many thanks again for your help with this situation.

I hope you have a great weekend!

Dick

Subject: RE: New relocatable facility ID# is 7775487, old relocatable facility ID# is 7774823, original stationary facility ID# is 0150073

Dick and Sandy,

To summarize what happened:

1. 7774823 was changed to stationary and the ID was changed to 0150073. I have deleted the unnecessary facility history.
2. 7775487 was changed to 7774823. I have deleted the unnecessary facility history.
3. I also cleaned up the EU history in 0150073.

Dick,

Please review the data, especially facility comment.

Sandy,

Please delete the last few permit events and re-enter them. This needs to be done for the last project in 0150073 and 7774823. After the system issues the permit, the permit number will capture the current ID.

Thank you.

Yi

Subject: New relocatable facility ID# is 7775487, old relocatable facility ID# is 7774823, original stationary facility ID# is 0150073

Yi,

I have completed the transfer of EU data to the new facility. Please check to make sure that I have done correctly?

I am assuming we will have to wait overnight for the new facility to become permitted and ACTIVE before the new relocatable facility ID# can be changed back to the old relocatable facility ID, and the stationary stuff can go back to the original stationary facility ID. Is that correct?

Again, thank you for all of your help

Dick

Wayne!....I know that...and you are probably correct about the 4th crusher (EU-011), But, see my note (a) at the bottom. It doesn't hurt for Dick to inquire about it's status during his conversations with them. It is THEIR decision and not yours. They can STILL classify it as relocatable even if they never do it. Please do not add any more confusion to this subject. I think it is being resolved correctly.

guys that 4th crusher - still assigned to 0150073 - isn't going anywhere unless they do some major dismantling and reassembling. It's a big boy and will be staying at Charlotte mines. The other three, as I said, will occasionally be sent to Lee county mines for brief periods but will mostly serve charlotte.

Required Corrections

Dick,

This email is to confirm our discussion of Friday (10/19/2007) pertaining to the needed corrections for this project.

This project has eight (8) Emission Units which includes three (3) "Crushers". I understand that the original ID: number of 0150073 was changed to a relocatable 7774832 number. Apparently because the permittee had sent you a "relocatable" notice for the crushers, you had Yi Zhu change the ID Number to the 7774832 relocatable

series.

In actuality, only the crushers are to be classified as relocatable, and the remainder of the facility should remain as a "fixed" facility.

It is also important to know, that in all applications, each relocatable crusher should have it's own 777.....(relocatable) General Permit regardless if it is governed by 40 CFR 60, Subpart OOO or not..... **(Never combine two (2) or more crushers on the same "relocatable" permit. Each is to have a separate permit).**

REQUIRED ACTION for CORRECTION

1. Have Yi Zhu re-establish the original ID number 0150073 for the facility.
2. Change Crushers (EU-003, EU-004 and EU-005) to "inactive" status. (I) on this facility.
3. Assign the 7774832 "Relocatable" number to "Primary Crusher 1 (EU-003) only.
4. Have your permittee send two (2) more General Permit applications with the \$100.00 fee for each of the remaining crushers, to be applied to the Universal, Primary Crusher 2 (EU-004) and the Pegson, Primary Crusher 3 (EU-005).

The final results should be: Facility (with EU-007 thru EU-011) to remain as the fixed facility ID No.: 0150073

| | | |
|---|---|---|
| EU-003 (Pioneer Crusher- Primary Crusher 1)..... | " | 7774832 |
| EU-004 (Universal Crusher -Primary Crusher 2) | " | 777.....(to be assigned) (requires new application and fee) |
| EU-005 (Pegson Crusher - Primary Crusher 3) | " | 777(") |

Note:

- a) You may want to inquire if the EU-011 crusher is to be classed as a "relocatable" also. If indeed it is, then it would require the same treatment.
- b) I highly recommend that you contact Bill Arlington and work this with, or thru him. (I would always go thru the PE involved on all projects, as first protocol to keep communications in order.
- c) You mentioned that Arlington said he was told that all "Subpart OOO" crushers were to be handled by the Districts. Please explain to him that this is NOT true, and that they are to go through you and Tallahassee as all General Permits do.

I hope this will serve to confirm our telephone conversation and clarify the actions that need to be taken.

Best Regards,

Carter
