Dear Mr. Campbell Sr.:

This is to acknowledge that your notification of intent to use the authority of Rule 62-210.310 to operate your facility was received on April 10, 2008. We have assigned ARMS No. 7775511-001 to this facility.

This letter is to clarify two permit applications mailed to FDEP for the batch plants located at 2866 Highway 95A, Cantonment, Florida. I incorrectly listed both plants on the original application and also on the second application.

The first application mailed on April 14, 2008 is intended for the used portable plant (35 ton aggregate bin, 250 barrel silo) with filter on top. # 7775511-001

The second application mailed on April 21, 2008, is for the new Stevens Plant (150 ton aggregate bin, 600/400 barrel silo) with ground level filter.

I apologize for the confusion on the submittals and if additional information is needed, please let me know.
