Dick,

According to the facility representative, the unit was sold. He did not know whom it was sold to. Wish I could have obtained more information but that is all we received.

Kindest regards,

Danielle D. Henry

Danielle,

Since this was a relocatable unit, do we know what happened to it? Was it sold, transferred out of state, relocated in state, or scrapped?

It is important that we know, since it was entitled as a relocatable (777XXXX), and if it should come back up for re-entitlement in the future, we will use the same facility ID with a new project number, rather than create a new facility ID.

Without knowing the disposition of the facility there is a better chance that in the future it could show up under more than one AGP facility ID.

Thank you for any insight you may be able to provide.

Dick
