NONMETALLIC MINERAL PROCESSING PLANTS (CRUSHERS)
AIR GENERAL PERMIT REGISTRATION FORM

Part II. Notification to Permitting Office

(Detach and submit to appropriate permitting office; keep copy onsite)

Instructions: To give notice to the Department of an eligible facility's intent to use this air general permit, the owner or operator of the facility must detach and complete this part of the Air General Permit Registration Form and submit it to the appropriate Department of Environmental Protection or local air pollution control program office which has permitting authority. Please type or print clearly all information, and enclose the appropriate air general permit registration processing fee pursuant to Rule 62-4.050, F.A.C. (\$100 as of the effective date of this form)

Registration Type

Check one:

INITIAL REGISTRATION - Notification of intent to:

- Construct and operate a proposed new facility.
 Operate an existing facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit).

RE-REGISTRATION (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.
 Continue operating the facility after a change of ownership.
 Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

7775521-002

Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only

If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. In such case, check the first box, and indicate the operation permits being surrendered. If no air operation permits are held by the facility, check the second box.

- All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s): _____
 No air operation permits currently exist for this facility.

General Facility Information

Facility Owner/Company Name (Name of corporation, agency, or individual owner who or which owns, leases, operates, controls, or supervises the facility.)

Orlando Construction Service

Site Name (Name, if any, of the facility site; e.g., Plant A, Metropolis Plant, etc. If more than one facility is owned, a registration form must be completed for each.)

PGR Leesburg

Owner/Authorized Representative Statement

This statement must be signed and dated by the person named above as owner or authorized representative

I, the undersigned, am the owner or authorized representative of the owner or operator of the facility addressed in this Air General Permit Registration Form. I hereby certify, based on information and belief formed after reasonable inquiry, that the facility addressed in this registration form is eligible for use of this air general permit and that the statements made in this registration form are true, accurate and complete. Further, I agree to operate and maintain the facility described in this registration form so as to comply with all applicable standards for control of air pollutant emissions found in the statutes of the State of Florida and rules of the Department of Environmental Protection and revisions thereof.

I will promptly notify the Department of any changes to the information contained in this registration form.

Type of Facility

Check one:

Stationary Facility

Relocatable Facility

Type(s) of Precautions Used to Prevent Unconfined Emissions

Check all that apply for the management of roads, parking areas, stock piles and yards:

Maintain Roads/Parking/Yards

Use Water Application

Use Dust Suppressant

Remove Particulate Matter

Reduce Stock Pile Height

Install Wind Breaks

Check the location of spray bars at the nonmetallic mineral processing plant:

Feeders

Entrance to "Crusher"

Exit of "Crusher"

Classifier Screens

Conveyor Drop Points

Description of Reasonable Precautions

Below, or as an attachment to this form, provide details of all types of reasonable precautions to be used to prevent unconfined emissions at the facility.

Water truck for Roads + Yard
Water spray devices on Crusher + Plant *How many?*
1) Three locations on Plant
a) Feeder
b) screen Discharge
c) Fines Stocker.

Description of Facility

Below, or as an attachment to this form, provide a description of the nonmetallic mineral processing operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used.

Subject: RE: Orlando Construction Service "Permit"

ll

So Sorry Dick I have had the information with me for days but keep on forgetting to send it. Please except my apology

Equipment	Manufacturer	Model	Date of Mfr	S/N	Capacity/Size
Crusher	Trio	4054	2001	AP 40x52 001	300 tons
Triple Deck screen	Trio	6 x20	2001	TIH 6203 033	300 T/hr
Portable screen plant	Powerscreen	1600	1999	14-01-755	125 tons
Power unit (RICE)	Cummings	Big Cham			450 Hp 350 Hp

The Date of Mfr for the crusher I took off a plate on the crusher as well as the other information concerning the Trio Screen plant. The Power unit is a rebuild motor that has little to no information on it. It is a big Cham Cummings 300 that has been modified to 350 Hp.

I hope this is sufficient. Please let me know if there is any more information needed and if so were I might find it.

Once again I'm sorry for the delay

Kennie Rodriguez. COO

Good morning Mr. Rodriguez!

This is a follow-up to my earlier e-mail of August 24, 2010 below, requesting additional information not included on your original Nonmetallic Mineral Processing Plant Air General Permit Registration Form submitted according to the rules for the purpose of a Change of Ownership registration and renewal.

There are currently two (2) days remaining in the thirty (30) day review period and since our last conversation on the 24th, I have not heard from you regarding the remaining missing information (highlighted areas) per my e-mail below.

I need to receive the required information by no later than close of business on Thursday, September 9, 2010, or I will have to deny your entitlement and I really don't want to have to do that.

Thank you for your immediate attention to this matter and if you have any questions, comments or concerns please e-mail or call.

Thank you and have a great day!

Sincerely yours,

Dickson E. Dibble

Subject: RE: Orlando Construction Service "Permit"

Good morning Mr. Rodriguez!

Thank you very much for your very prompt response to my request for additional information.

We still have some equipment identification differences between your records and the Department's records which need to be resolved before we can proceed with this review.

Here is what **your change of ownership registration form provides** as the equipment under renewal:

Equipment	Manufacturer	Model	Date of Mfr	S/N	Capacity/Size
Crusher	Trio	4054	2002	AP 40x52 001	
Triple Deck screen	Trio			TIH 6203 033	300 T/hr/6x20
Portable screen plant	Powerscreen	1600		14-01-755	
Power unit (RICE)	Cummings				450 Hp 350 Hp

*Red denotes corrected information provided in your 08/23/10 e-mail.

*Yellow highlighted cells denote request for additional information.

Below is what we show in our records as previously registered under AGGRETECH INC:

Equipment	Manufacturer	Model	Date of Mfr	S/N	Capacity/Size
Crusher	Trio Engineering	Crushking	2001	AP 40x52 001	300 T/hr
Triple Deck screen	Trio Engineering	6x20	2001	TIH 6203 033	300 T/hr
Portable screen plant	Powerscreen Chieftain	516 Turbo	1999	1401755	125 T/hr
Power unit (RICE)	Cummins				300 Hp

Please provide any missing information, as well as any corrections to information that may be conflicting, such as the Date of Mfr of the crusher.

Thank you and if you have any questions, comments or concerns please e-mail or call.

Have a great day!

Sincerely yours,

Dickson E. Dibble
