

**\* CORRECTED & UPDATED FORM ADDED AS AN ADDENDUM TO # 7775572-003 RECEIVED FORM ORIGINALLY RECEIVED JUL 28, 2010. AUG 13 2010**

**NONMETALLIC MINERAL PROCESSING PLANTS (CRUSHERS)  
AIR GENERAL PERMIT REGISTRATION FORM**  
Bureau of Air Monitoring & Mobile Sources

**Part II. Notification to Permitting Office**  
(Detach and submit to appropriate permitting office; keep copy onsite)

**Instructions:** To give notice to the Department of an eligible facility's intent to use this air general permit, the owner or operator of the facility must detach and complete this part of the Air General Permit Registration Form and submit it to the appropriate Department of Environmental Protection or local air pollution control program office which has permitting authority. Please type or print clearly all information, and enclose the appropriate air general permit registration processing fee pursuant to Rule 62-4.050, F.A.C. (\$100 as of the effective date of this form)

**Registration Type**

Check one:

**INITIAL REGISTRATION** - Notification of intent to:

- Construct and operate a proposed new facility.
- Operate an existing facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit).

**RE-REGISTRATION** (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.
- Continue operating the facility after a change of ownership.
- Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

**Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only**

If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. In such case, check the first box, and indicate the operation permits being surrendered. If no air operation permits are held by the facility, check the second box.

- All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s):  
Renew Crusher ID: 7775572 \_\_\_\_\_
- No air operation permits currently exist for this facility.

**General Facility Information**

**Facility Owner/Company Name** (Name of corporation, agency, or individual owner who or which owns, leases, operates, controls, or supervises the facility.)

Weber South Equipment Leasing, LLC.

**Site Name** (Name, if any, of the facility site; e.g., Plant A, Metropolis Plant, etc. If more than one facility is owned, a registration form must be completed for each.)

Weber South Equipment Leasing, LLC.

**Facility Location** (Provide the physical location of the facility, not necessarily the mailing address.)

Street Address: 40800 Cook Brown Road

City: Punta Gorda

County: Charlotte

Zip Code: 33982

**Facility Start-Up Date** (Estimated start-up date of proposed new facility.) (N/A for existing facility)

FLORIDA DEPARTMENT OF REVENUE

2010 AUG 12 AM 9:39

FLORIDA DEPARTMENT OF REVENUE

**Type of Facility**

Check one:  
 Stationary Facility                       Relocatable Facility

**Type(s) of Precautions Used to Prevent Unconfined Emissions**

Check all that apply for the management of roads, parking areas, stock piles and yards:  
 Maintain Roads/Parking/Yards       Use Water Application       Use Dust Suppressant  
 Remove Particulate Matter       Reduce Stock Pile Height       Install Wind Breaks

Check the location of spray bars at the nonmetallic mineral processing plant:  
 Feeders                       Entrance to "Crusher"       Exit of "Crusher"  
 Classifier Screens       Conveyor Drop Points

**Description of Reasonable Precautions**

Below, or as an attachment to this form, provide details of all types of reasonable precautions to be used to prevent unconfined emissions at the facility.

**Water will be used as a dust suppressant when necessary. Spray bars are used on the crushing operation to reduce emissions.**

FINANCIAL ACCOUNTING  
REVENUE  
DEPARTMENT

**Description of Facility**

Below, or as an attachment to this form, provide a description of the nonmetallic mineral processing operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used.

The purpose of this permit is to renew the existing Crushing Operation Facility ID Number 7775572-002.

Existing Facility ID to be maintained: 7775572-002

Crushing Operations Facility Description

Non-Metallic Mineral Crushing Machine

Make / Model: Metso / LT1213

Serial Number: 74505

Design Capacity: 300 Tons/Hour

Emission Suppression: There are three spray bars, one at the crusher entrance, one at the crusher exit, and one at the main conveyor.

Note: There is one screen included in the crusher at the feeder grizzly.

Power Unit

Make / Model: Caterpillar / C-13 Manufactured in 2008

Horsepower: 335 Hp

Conveyors

Make / Model: Metso / Main Conveyor Model: H12-11R / Side Conveyor Model: H5x5

Operation Process Description:

The crushing and sequenced screening operation will be used to process concrete, asphalt, limestone, granite, and other similar aggregate building materials.

RE: Weber South Equipment Leasing, Inc.

To Whom It May Concern:

Enclosed are the following items:

1. A completed Nonmetallic Mineral Processing Plant Air General Permit Registration Form for the above referenced plant.
2. Check 5025 in the amount of \$100.00 payable to the Florida Department of Environmental Protection to cover the permit registration fee.
3. A corrected Nonmetallic Mineral Processing Plant Air General Permit Registration for which the permit fee has previously been paid (Check 5021, dated 7/06/10). This Air General Permit Registration is for the renewal of AIRS ID 7775572.

If you have any questions, please feel free to call me at 863/467-0555 or email me at [barlington@arlingtonenvironmental.com](mailto:barlington@arlingtonenvironmental.com).

Sincerely,

William D. Arlington

NONMETALLIC MINERAL PROCESSING PLANTS (CRUSHERS)  
AIR GENERAL PERMIT REGISTRATION FORM

JUL 28 2010

Bureau of Air Management  
Mobile Station

Part II. Notification to Permitting Office

(Detach and submit to appropriate permitting office; keep copy onsite)

**Instructions:** To give notice to the Department of an eligible facility's intent to use this air general permit, the owner or operator of the facility must detach and complete this part of the Air General Permit Registration Form and submit it to the appropriate Department of Environmental Protection or local air pollution control program office which has permitting authority. Please type or print clearly all information, and enclose the appropriate air general permit registration processing fee pursuant to Rule 62-4.050, F.A.C. (\$100 as of the effective date of this form)

7775572-003

Registration Type

Check one:

**INITIAL REGISTRATION** - Notification of intent to:

- Construct and operate a proposed new facility.
- Operate an existing facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit).

**RE-REGISTRATION** (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.
- Continue operating the facility after a change of ownership.
- Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only

If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. In such case, check the first box, and indicate the operation permits being surrendered. If no air operation permits are held by the facility, check the second box.

- All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s):
- Maintain Crusher ID: 7775572      Deactivate Screener ID: 7775568
- No air operation permits currently exist for this facility.

Exit of "Crusher"

Classifier Screens

Conveyor Drop Points

**Description of Reasonable Precautions**

Below, or as an attachment to this form, provide details of all types of reasonable precautions to be used to prevent unconfined emissions at the facility.

**Water will be used as a dust suppressant when necessary. Spray bars are used on the crushing portion of the operation to reduce emissions, the screening portion of the operation relies on the spray bars from the crushing operation to have the aggregate saturated to reduce emissions.**

**Description of Facility**

Below, or as an attachment to this form, provide a description of the nonmetallic mineral processing operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used.

The purpose of this permit is to incorporate a new piece of screening equipment into the existing Crushing Operation Facility ID Number 7775572-002 and void an existing permit (Facility ID 7775568) serving only a screener.

Existing Facility ID to be maintained: 7775572-002

Crushing Operations Facility Description
