Kellie,

I left you a voicemail several days ago and one a few minutes ago.

Regarding the equipment list you sent for the general permit registration for the new Punta Gorda Crusher. The permit processor in Tallahassee needs the Model Number of the screening unit and the Model number of the Catapillar Auxiliary Generator

We need these ASAP. The 30 day review period is almost gone. If we don't get him the info soon we will lose the \$100 fee and have to resubmit.

I will be out in the field so when you email this to me please call me at the office or on my cell phone so I can tell my secretary to forward the info to Mr. Dibble in Tallahassee.

Thanks.
