**NONMETALLIC MINERAL PROCESSING PLANTS (CRUSHERS)
AIR GENERAL PERMIT REGISTRATION FORM**

Part II. Notification to Permitting Office

(Detach and submit to appropriate permitting office; keep copy onsite)

Instructions: To give notice to the Department of an eligible facility's intent to use this air general permit, the owner or operator of the facility must detach and complete this part of the Air General Permit Registration Form and submit it to the appropriate Department of Environmental Protection or local air pollution control program office which has permitting authority. Please type or print clearly all information, and enclose the appropriate air general permit registration processing fee pursuant to Rule 62-4.050, F.A.C. (\$100 as of the effective date of this form)

7775591-001

Registration Type

Check one:

INITIAL REGISTRATION - Notification of intent to:

- Construct and operate a proposed new facility.
- Operate an existing facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit).

RE-REGISTRATION (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.
- Continue operating the facility after a change of ownership.
- Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only

If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. In such case, check the first box, and indicate the operation permits being surrendered. If no air operation permits are held by the facility, check the second box.

- All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s): _____
- No air operation permits currently exist for this facility.

General Facility Information

Facility Owner/Company Name (Name of corporation, agency, or individual owner who or which owns, leases, operates, controls, or supervises the facility.)

Gustafson Construction Corp

Site Name (Name, if any, of the facility site; e.g., Plant A, Metropolis Plant, etc. If more than one facility is owned, a registration form must be completed for each.)

Forum Development Site

Facility Location (Provide the physical location of the facility, not necessarily the mailing address.)

Street Address: 3011 Forum Blvd.

City: Fort Myers

County: Lee

Zip Code: 33905

Facility Start-Up Date (Estimated start-up date of proposed new facility.)(N/A for existing facility)

3-20-09

Owner/Authorized Representative

Name and Position Title (Person who, by signing this form below, certifies that the facility is eligible to use this air general permit.) Print Name and Title: Bob Gustafson (President)

Owner/Authorized Representative Telephone Numbers Telephone: 239-437-2039 Fax: 239-437-2041 Cell phone (optional):		

Facility Contact (If different from Owner/Authorized Representative)

Name and Position Title (Plant manager or person to be contacted regarding day-to-day operations at the facility.) Print Name and Title:		
Facility Contact Mailing Address Organization/Firm: Street Address: City: County: Zip Code:		
Facility Contact Telephone Numbers Telephone: Fax: Cell phone (optional):		

Owner/Authorized Representative Statement

This statement must be signed and dated by the person named above as owner or authorized representative

I, the undersigned, am the owner or authorized representative of the owner or operator of the facility addressed in this Air General Permit Registration Form. I hereby certify, based on information and belief formed after reasonable inquiry, that the facility addressed in this registration form is eligible for use of this air general permit and that the statements made in this registration form are true, accurate and complete. Further, I agree to operate and maintain the facility described in this registration form so as to comply with all applicable standards for control of air pollutant emissions found in the statutes of the State of Florida and rules of the Department of Environmental Protection and revisions thereof.

I will promptly notify the Department of any changes to the information contained in this registration form.

Signature  Date 3-17-09

Type of Facility

Check one:
 Stationary Facility Relocatable Facility

Type(s) of Precautions Used to Prevent Unconfined Emissions

Check all that apply for the management of roads, parking areas, stock piles and yards:
 Maintain Roads/Parking/Yards Use Water Application Use Dust Suppressant
 Remove Particulate Matter Reduce Stock Pile Height Install Wind Breaks

Check the location of spray bars at the nonmetallic mineral processing plant:
 Feeders Entrance to "Crusher" Exit of "Crusher"
 Classifier Screens Conveyor Drop Points

Description of Reasonable Precautions

Below, or as an attachment to this form, provide details of all types of reasonable precautions to be used to prevent unconfined emissions at the facility.

As stated above, we will maintain the surrounding area of the facility (incl. haul roads) with the use of water application. We will also reduce the stockpile height as necessary. Spray bars are located at the exit of the Terex Pegson ~~2644~~ ^{AX866} Jaw and ~~the 1412 Impactor.~~

As stated above, we will maintain the surrounding area of the facility (incl. haul roads) with the use of water application. We will also reduce the stockpile height as necessary. Spray bars are located at the exit of the Terex Pegson ^{AX 866} ~~2644~~ Jaw Crusher ~~and the 1412 Impactor~~ for dust suppression.

Description of Facility

Below, or as an attachment to this form, provide a description of the nonmetallic mineral processing operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used.

The primary purpose of this relocatable nonmetallic processing facility is to crush rock boulders excavated from within the projects limits into useable onsite fill. All required measures will be taken to operate under the guidelines of this Air General Registration form. The specific equipment to be used under this permit is as follows:

- 1) Terex Pegson AX866 Jaw Crusher
Serial # - 6503206HA
- ~~2) Terex Pegson 7462 Impactor (2006)
Serial # - 1401286F~~
- 3) MGL 74X36 foot conveyor (2006)
Serial # - 7436058
- ~~4) MGL 50X36 foot conveyor (2006)
Serial # - 5038043~~
- ~~5) Powerscreen Titan Model 1800 (2006)
Serial # - 12101367~~
