### NONMETALLIC MINERAL PROCESSING PLANTS (CRUSHERS) AIR GENERAL PERMIT REGISTRATION FORM

#### Part II. Notification to Permitting Office

(Detach and submit to appropriate permitting office; keep copy onsite)

**Instructions:** To give notice to the Department of an eligible facility's intent to use this air general permit, the owner or operator of the facility must detach and complete this part of the Air General Permit Registration Form and submit it to the appropriate Department of Environmental Protection or local air pollution control program office which has permitting authority. Please type or print clearly all information, and enclose the appropriate air general permit registration processing fee pursuant to Rule 62-4.050, F.A.C. (\$100 as of the effective date of this form)

7775646-001

#### Registration Type

Check one:

##### INITIAL REGISTRATION - Notification of intent to:

- Construct and operate a proposed new facility.
- Operate an existing facility not currently using an air general permit (e.g., a facility proposing to go from an air operation permit to an air general permit).

##### RE-REGISTRATION (for facilities currently using an air general permit) - Notification of intent to:

- Continue operating the facility after expiration of the current term of air general permit use.
- Continue operating the facility after a change of ownership.
- Make an equipment change requiring re-registration pursuant to Rule 62-210.310(2)(e), F.A.C., or any other change not considered an administrative correction under Rule 62-210.310(2)(d), F.A.C.

#### Surrender of Existing Air Operation Permit(s) - For Initial Registrations Only

If the facility currently holds one or more air operation permits, such permit(s) must be surrendered by the owner or operator upon the effective date of this air general permit. In such case, check the first box, and indicate the operation permits being surrendered. If no air operation permits are held by the facility, check the second box.

- All existing air operation permits for this facility are hereby surrendered upon the effective date of this air general permit; specifically permit number(s): \_\_\_\_\_
- No air operation permits currently exist for this facility.

Dear Mr. Penner,

Per your telephone request, my e-mail address is as follows:

[Dickson.Dibble@dep.state.fl.us](mailto:Dickson.Dibble@dep.state.fl.us)

I have also attached my previous e-mail requests to you for additional information relative to your Nonmetallic Mineral Processing Plant (NMMP) Air General Permit Registration Form.

Thank you for your time and consideration. I am looking forward to receiving the requested information regarding your NMMP Plant operation in order to continue the processing and review of your entitlement to operate.

If you have any questions, comments or concerns please e-mail or call.

Have a great day!

Sincerely yours,

*Dickson E. Dibble*

**Subject:** Clarification of request for additional information

Dear Mr. Penner,

Good morning!

Following is a run-down of the specific information of which I am in need in order to continue the permit processing and review for the two relocatable facilities for which you are seeking entitlement to operate.

- 1) Additional information needed for the **2005 BL Pegson, Premiertrak, 1160x650, S/N 650286CHEA**
  - a. Actual current location/site address (site name, street address, city, county, state and zip code)
  - b. Materials to be processed
  - c. Spray bar equipment information (how many, where located and size)
  
- 2) Additional information needed for the **2005 BL Pegson, Tesab 623, S/N 10-417-537**
  - a. Actual current location/site address (site name, street address, city, county, state and zip code)
  - b. Materials to be processed

Thank you for your assistance in helping to complete the entitlement process.

If you have any questions, comments or concerns please e-mail or call.

Have a great day!

Sincerely yours,

*Dickson E. Dibble*

**Subject:** FW: Correction - Nonmetallic Mineral Processing Plant (Crushers) Air General Permit Registration Forms

Dear Mr. Penner,

I apologize for any inconvenience that I may have created, but when I sent you the e-mail below, I had only performed only a quick overview of the first registration form for the larger unit (2005 Pegson, Premiertrak, S/N 650286CHEA, 280 T/hr), which did not include any spray bar information.

After a cursory review of the information on your second unit (2005 Pegson Tesab 623, S/N 10-417-537, 100 T/hr), I discovered that you had included the spray bar information for this unit on the respective registration form. Consequently, for this smaller unit, I am only looking for 1) verification of location and 2) the type of material(s) being processed.

Thank you for your time and consideration.

If you have any questions, comments or concerns please e-mail or call.

Thank you and have a great weekend!

Sincerely yours,

*Dickson E. Dibble*

**Subject:** Nonmetallic Mineral Processing Plant (Crushers) Air General Permit Registration Forms

Dear Mr. Brian Penner,

Good afternoon! I attempted to leave a voicemail message on your phone, but I guess I was a little long-winded since it ended before I could finish. I called back and the receptionist was gracious and provided me with your e-mail address.

The purpose for my calling and consequently this e-mail is that I am in need of some additional information pertaining to the subject item forms which you have submitted for entitlement to operate your crusher equipment.

- 1) Is the 6001 Shirley Street the actual current location of those units? I can see by satellite that 6001 Shirley St. appears to be your office, garage and equipment yard. If 6001 Shirley St should not be their current location, I will need to know actual location addresses in order to continue with the review and entitlement process.
- 2) What are the type(s) material being processed? Will it be the same material most or all of the time, or will the materials vary depending on the job? Knowing this information will allow me to catalog these units under a specific SIC code.
- 3) Does your equipment utilize spray bars?
  - a) If so, how many on each machine?
    1. What size are they (36", 48", etc.)?
    2. Where are they located on the equipment?

If you would be so kind to respond via e-mail, I will be happy to attach your e-mail as an addendum to the forms which you have submitted and we will be able to continue with the process.

If you have any questions, comments or concerns please e-mail or call.

Thank you and have a great day!

Sincerely yours,

*Dickson E. Dibble*
